BI-ENNIAL REPORT  
OF THE  
BOARD OF TRUSTEES  
OF THE  
LUNATIC ASYLUM OF GEORGIA  
FOR THE YEARS  
1891 AND 1892.

---

To His Excellency, W. J. NORTHEN, Governor of Georgia:

As required by law, the undersigned, constituting the Board of Trustees of the Lunatic Asylum of the State of Georgia, respectfully presents this, its bi-ennial report, for the fiscal years extending from October 1, 1890, to October 1, 1891, and from October 1, 1891, to October 1, 1892.

During the past two years your Board of Trustees have constantly exercised the closest and most constant supervision of every department of the Lunatic Asylum, with the view of promoting to the fullest possible extent the welfare of its inmates, and at the same time to be careful to administer our trust to the State, in that the institution should be managed with the strictest economy compatible with proper care of the insane committed to our keeping. While we have constantly endeavored to operate this Asylum as economically as possible, we have ever been, and are now, impressed with the idea that the welfare of the inmates should be the first care of the State.

In order that you may readily see that due economy has been exercised in our management, we present you the following table, showing expenses of Asylum from 1873 to 1892, inclusive:

## TABLES

Showing the average number of patients in the institution, the per capita per diem, and the per capita per annum, from 1873 to 1892, inclusive.

YEAR.	Average Number of Patients.	Cost per capita per diem.	Cost per capita per annum.
1873	550	52½c.	\$190 70
1874	550	48½c.	177 36
1875	600	37½c.	136 80
1876	600	37½c.	137 77
1877	638	36 63-100c.	133 70
1878	725	34 55-100c.	126 11
1879	748	32 9-10c.	120 10
1880	820	35 64-100c.	130 09
1881	886	33 9-10c.	123 74
1882	942	38½c.	140 98
1883	1005	33 3-10c.	121 46
1884	1179	34½c.	126 90
1885	1232	34 18-100c.	124 76
1886	1237	33½c.	123 19
1887	1266	34 12-100c.	127 40
1888	1340	34 83-100c.	127 48
1889	1448	34 74-100c.	126 81
1890	....	31 43-100c.	114 72
1891	....	32 8-100c.	117 09
1892	....	32 33-100c.	118 33

From this tabular statement you will see that the cost of maintenance per capita, per annum, during the three years of management of this Board of Trustees, is less than that under any previous Board of Trustees in the history of the institution.

We have to the utmost of our ability endeavored to maintain the Asylum in such manner as to measure up to the standard of maintenance of first-class Asylums in other States, but we must confess that the much smaller allowance per capita given by Georgia to her Asylum, compared with that of other States, makes it impossible for us to do so.

As a comparison of the management of this Asylum and other similar institutions, we append the following:

From annual report Lunatic Asylum, Mississippi, 1887, which is the latest tabular statement which we can find on this subject.

## Yearly cost per capita of maintaining patients in eighty insane asylums:

#### MAINTENANCE.

We respectfully direct the attention of the Legislature to the necessity of making future appropriations for maintenance of this asylum upon a per capita allowance. This is the only equitable basis of maintenance of such an institution, and is the one usually adopted in other States.

We respectfully suggest that 40 cents per capita per diem, or \$146 per capita per annum, is as small an amount as should be expended in maintenance of an insane asylum. When you consider the destructiveness of the insane, the extraordinary number of attendants necessary to the proper care of this class compared with ordinary hospital maintenance, that out of this fund is to be paid officers' salaries, doctors, nurses, attendants, repairs to buildings, medical supplies, food, clothing, washing, fuel, bedding, gas, fire department, water-works, guards, burying the dead, paying expenses of patients to their homes, etc., it is astonishing that an insane asylum can be operated at the small sum of 40 cents per capita per diem. An investigation into the matter will show that the vast majority of counties in Georgia pay per capita per diem for merely feeding each prisoner in the common jails from 40 to 50 cents, and this for food only; whereas in our asylum, in addition to food for each patient, we are required to pay for repairs to buildings, furniture, etc., replace bedding, clothing and crockery

destroyed, pay for medical attention, medicines, nurses, guards, night watchmen, fuel and transportation, gas, clothing, water-works, fire department, burying the dead, paying railroad fare of patients sent home, washing, etc. If the counties of the State can pay 40 cents per day for food furnished each prisoner in the common jails, certainly this great commonwealth can afford to expend 40 cents per capita per day for her unfortunate insane.

That you may appreciate the utter helplessness of the insane, we cite the fact that \$63,663.95 of the \$190,000 appropriated for maintenance of this asylum are expended for attendants and officers. There are 220 men and women whose sole duty it is to constantly attend upon the insane. We employ thirteen night watchmen. The insane are as helpless as infants, though differing from the latter in being harder to control and are far more destructive.

We contend that we should have an allowance of 40 cents per capita per diem, or \$146 per capita per annum, to maintain our insane patients in like manner as they were maintained at their homes—and this certainly is the reasonable duty of the State. We therefore ask you to grant us, in monthly payments, a per capita per diem allowance of 40 cents. We plead for liberal, generous maintenance of these dependent, helpless, deplorably afflicted men and women, our brothers and sisters. Your Board of Trustees have no personal interest in this matter except that which is common to every good citizen of the State, and the special duty of personally seeing that our helpless charges are properly cared for. Our work for this institution is a labor of love, for the petty payment received by us does not compensate our actual losses in attendance upon our duties at the asylum.

In making a per capita allowance, it should be made upon 1,550 patients—the limit of capacity of our institution. We are now to that limit, and have over 100 applications on hand for admittance, which are taken in as rapidly as vacancies occur in our institution. Until another asylum is constructed, there is no doubt about our institution being constantly filled to its utmost limit.

To show that our request for an appropriation of \$146 per capita per annum is most reasonable, we refer you to the fact that only four of the eighty asylums above tabulated are maintained for less than this amount. Shall Georgia—the Empire State of the South—a leader in all public matters, lag behind her sister States in generously and properly caring for her unfortunate insane? It rests alone for the Legislature to decide this question.

---

#### ADDITIONAL PROVISION FOR THE INSANE.

In our annual report of 1890 we called the attention of the Legislature to the necessity for building a second lunatic asylum in Georgia, as this asylum was already overcrowded. We regret to say that the Legislature adjourned without making additional provision for the insane. Your Board of Trustees attempted to provide for all cases necessary to be treated in asylum. We continued to receive patients, until every parlor but two and every reception room was crowded with patients, and even parts of

dining rooms and halls were occupied as sleeping rooms, and in some rooms fourteen patients were crowded in to sleep. We were finally compelled to reduce the number of inmates to 1,550, the utmost limit of capacity of present buildings. New patients are now admitted only as vacancies occur by deaths or removals. As a consequence of the overcrowded condition of our buildings, there are now more than two hundred insane citizens of Georgia who cannot be received into the asylum. Many of these insane persons are now confined in the jails and poor houses of their respective counties. Parental care of government requires that these unfortunate human beings be provided with home comforts in an asylum instead of being confined with paupers and hardened criminals. We insist that early treatment is necessary to cure of the insane. The record of all insane asylums abundantly establish the fact that curability of insanity is in direct ratio with the time at which treatment of the disease is begun. This Board appeal to the Legislature for abundant provision for the insane; and, if it fails to provide suitable accommodations, let the responsibility rest upon the Legislature, where it will properly belong.

This Board insists that the present buildings are as large as can be properly and safely operated under one management. We respectfully urge that another asylum be constructed in a section of Georgia distant from this one, and that a line be drawn through the State—those upon one side of the line be sent to the present asylum, those living on the other side of the line be sent to the new asylum.

We would remind the Legislature that, even though it should provide for another asylum, it will require fully two years to construct the necessary buildings.

---

#### SUPERINTENDENT POWELL'S REPORT.

We take pleasure in commending the faithful and efficient management of Superintendent T. O. Powell. We refer you to his able report for the details of his official work.

---

#### CRIMINAL AND CONVICT INSANE.

We beg to call especial attention to that part of Superintendent Powell's report dealing with the subject of criminal insane. We endorse his suggestions in relation thereto.

---

#### STEWARD'S REPORT.

We call especial attention to the report of Steward L. J. Lamar. Steward Lamar is faithful, efficient, untiring and honest in the work of his office. The Steward has daily personal supervision of the finances of this institution, and much of the credit of economical management of this asylum is due to Steward Lamar.

By examination of the Steward's report, you will find that we have a surplus of \$6,941.82 left over from the year just closed. We beg to remind

you that in voting the allowance which we have asked, that this surplus is necessary to be kept on hand as a reserve fund to meet excessive demands in heaver season; the winter, for instance, when purchase of fuel, clothing, blankets, etc., cause our expenditures to largely exceed our monthly allowance. In January last every dollar of this reserve fund was exhausted, and we had no money to pay the salaries of the officers. As the warm season, with its lighter expenditures, came on, we regained this reserve fund. We are compelled to keep this fund on hand to meet similar emergencies.

---

#### TREASURER'S REPORT.

The report of the Treasurer sets forth the financial status of our institution. We refer you to his report for detailed expenditures.

---

#### ASSISTANT STEWARD.

The report of the Assistant Steward presents in detail the debit and credit accounts of the dairy, farm and garden, and demonstrates that Mr. Hollinshead is a successful farmer. We refer you to his detailed report.

---

#### MATRON'S DEPARTMENT.

We refer with pride to the work of our excellent Matron, as shown in her annual report. Mrs. Darnell is truly indispensable in her office.

---

#### ENGINEER'S DEPARTMENT.

Mr. DeSaussure proves himself a faithful and efficient officer. His report fully justifies the confidence of the Board in him.

---

#### APOTHECARY'S DEPARTMENT.

The report of the Apothecary shows the work of that office.

Dr. A. G. North has proved himself both faithful and competent.

By his report it is seen that the expenses of this department has been reduced \$579.22 during the present year, as compared to the year ending October 1, 1891.

---

#### STOREKEEPER.

The Report of Storekeeper Hunter will give you full information as to the issues from the store. Storekeepere Hunter is a faithful and efficient officer.

## CHAPLAIN.

Chaplain Gibson's report will show that proper provision is made for religious services at this institution. Chaplain Gibson has proven himself unusually well qualified for his position.

---

## LIBRARY.

The report of Librarian Trippe shows that the library is a pleasant and profitable part of the asylum.

---

## FIRE WALLS.

We feel constrained to again call attention of the Legislature to the insecurity of our main building against fire, by reason of the absence of fire doors and windows. There are already in existence six fire walls in this building, but they are useless for fire protection by reason of the absence of fire doors and windows. We had the Engineer to examine into and report on the subject as to cost of these indispensable needs to protect the building against fire. The cost, as will be seen by the Engineer's report, is insignificant, amounting to only \$1,120.62. The necessity for complete fire protection is more urgent in an insane asylum than in any other institution known to us. Should fire break out in the buildings, the insane will be more unmanageable than children. Many of them would be required to be taken out by force. A stampede among lunatics would be attended with most disastrous results. Within the last two years two large insane asylums have been destroyed by fire, and a large number of inmates perished in the flames. Were the cost of fire protection twenty times what we ask for, it should be promptly granted. But when it can be obtained at the insignificant cost of \$1,120.62, it would be criminal to neglect this work. This improvement will largely decrease the rate of insurance.

---

## ENLARGEMENT OF LAUNDRY.

We call particular attention to indispensable need of enlargement of laundry. The present plant was placed when there were not one-half the number of inmates which we now have. It is impossible to keep the inmates supplied with clean clothing unless the present capacity of the laundry be largely increased. The estimated cost of enlargement is \$1,500.

---

## ORDINARY REPAIRS.

If experience teaches anything, it is that old buildings must be frequently repaired. Roofs will decay, timbers rot, floors wear out, doors and window shutters fall down, window panes be broken, painted frames and walls become dirty, and in every such case repairs must be made or the

building will be irreparably damaged. At least five per cent. of the annual appropriation is necessarily expended on ordinary repairs; as our buildings, except the two convalescent ones, are all old. The repair account must necessarily grow larger from time to time because of the old age of our buildings.

If the request for \$146 per capita is not granted, it will require large special appropriations to be made for the necessary repairs on buildings and appliances, and to place and maintain it as a first-class asylum.

While this amount conflicts with the estimates made by the Superintendent and Steward, it should be understood that their estimate is based upon continuing the institution in its present state, while that of the Board, upon the idea of raising it to the level of other States in the South, as can be seen by reference to the tabulated statement herein exhibited for the maintenance of eighty asylums in various places. But four of the entire number are maintained as economically as \$146, the amount we now ask for, and that the State of North Carolina, for an asylum exclusively for negroes, expends \$158.61 per capita.

#### TERMINATION OF FISCAL YEAR.

The law requires the report of the Trustees to be made to the Governor ten days before the meeting of the Legislature. Section 1349 of the Code makes the fiscal year of the institution end on October 1st of each year. The late amendment to the Constitution makes the date of the meeting of the Legislature on the fourth Wednesday in October.

The closing of the fiscal year and the meeting of the Legislature is too short a time for the proper preparation of these reports.

We, therefore, request that Section 1349 be amended so that the fiscal year of the institution shall close on September 1st of each year.

With the exception of the Superintendent's report, only those of officers for 1891 are herewith printed, as the report would be too voluminous were the reports of both years printed.

The annual reports of all officers of asylum for 1891 are on file in the executive office.

Itemized bills for every expenditure of the asylum have, in accordance with law, been forwarded to your Excellency at the end of each month, and an examination of these itemized bills will show how every dollar of the appropriation has been expended.

Respectfully submitted, in behalf of the Board of Trustees of the Georgia Lunatic Asylum.

G. A. CABANISS,  
President Board of Trustees.

EUGENE FOSTER,  
Secretary Board of Trustees.

## Bi-Ennial Report of the Superintendent.

---

STATE LUNATIC ASYLUM, October 1, 1892.

To the Honorable Board of Trustees, Georgia State Lunatic Asylum:

Gentlemen—In obedience to the requirements of the law and rules of this institution, I herewith respectfully submit for your consideration the bi-ennial report of this institution for 1891-92, together with the reports of the Steward, Treasurer and other officers, giving a detailed account of its conduct and management in its every department; also the movement of its population from October 1, 1890, to October 1, 1892, which, with their exhibits, will furnish a full understanding of the workings of the institution for the past two years.

---

### OCTOBER 1, 1890, TO OCTOBER 1, 1891.

On the 1st of October, 1890, there were white patients on hand, 1,089, and colored, 477, making a total of 1,566. There have been received since or during the past year, whites, 266, and colored, 181, making a total reception of 447. There have been discharged, removed, eloped and died during the year, 348, leaving on hand October 1, 1891, 1,665, of whom 19 of the whites and 1 of the colored are on furlough.

The average number of patients under treatment during the year was 1,616, while the total number receiving treatment was 2,013. It will be seen that the average number under treatment this year was 78 more than last year, and the whole number treated during the year was 100 more than any previous year.

---

The following tables will give in detail the movement of both white and colored :

## STATEMENT

In relation to the number of white patients during the past twelve months, or from October 1, 1890, to October 1, 1891:

There remained on hand October 1, 1890.....	1,089
White male lunatics.....	425
White male epileptics.....	70
White male idiots.....	21—516
White female lunatics.....	498
White female epileptics.....	49
White female idiots.....	26—573—1,089

There have been received during the year—

White males.....	147	
White females.....	119—	266

Total number of whites under treatment..... 1,355

Of whom there have been discharged restored.....	105	
Discharged improved.....	6—111	
Removed improved.....	9	
Eloped.....	6	
Eloped improved.....	2— 8	
There have died.....	85—	213

Leaving on hand October 1, 1891..... 1,142

## CLASSIFICATION OF THE WHITES.

White male lunatics.....	461
White male epileptics.....	65
White male idiots.....	22—548
White female lunatics.....	516
White female epileptics.....	52
White female idiots.....	26—594—1,142

Of the deaths there occurred from exhausted mania, 14; paralysis, 10; diarrhœa, 8; epilepsy, 16; marasmus, 6; consumption, 5; old age, 5; heart disease, 3; apoplexy, 3; pneumonia, 3; fever, 2; anasarca, 1; gastric fever, 1; congestion of the lungs, 1; dropsy, 1; bilious fever, 1; erysipelas and rheumatism, 1; senility with cystitis, 1; paresis, 1; unknown, 2. Total, 85.

## STATEMENT

In relation to the number of colored patients during the past twelve months, or from October 1, 1890, to October 1, 1891:

There remained on hand October 1, 1890.....	477
Colored male lunatics.....	181
Colored male epileptics.....	31
Colored male idiots.....	4—216
Colored female lunatics.....	245
Colored female epileptics.....	14
Colored female idiots.....	2—261— 477

There have been received during the year:

Colored males.....	95	
Colored females.....	86—	181

Total number under treatment.....	658
-----------------------------------	-----

There have been:

Discharged restored.....	37	
Discharged not insane.....	1— 38	
Removed improved.....	8	
Eloped.....	5	
Eloped restored.....	2	
Eloped improved.....	1— 8	
There have died.....	81—	135

Leaving on hand October 1, 1891.....	523
--------------------------------------	-----

## CLASSIFICATION OF THE COLORED.

Colored male lunatics.....	209
Colored male epileptics.....	28
Colored male idiots.....	2—239
Colored female lunatics.....	269
Colored female epileptics.....	13
Colored female idiots.....	2—284— 523

Of the deaths there occurred from consumption, 19; epilepsy, 17; exhausted mania, 8; old age, 8; heart disease, 5; apoplexy, 5; dropsy, 5; diarrhoea, 4; paralysis, 2; marasmus, 2; softening of the brain, 1; tertiary syphilis, 1; mal-nutrition, 1; Bright's disease, 1; unknown, 2. Total, 81.

TABLE No. 1.

Showing the number of whites admitted during the year, and their respective ages at the time of admission :

OCTOBER 1, 1891, TO OCTOBER 1, 1892.

On the 1st of October, 1891, there were white patients on hand, 1,142; and colored, 523, making a total of 1,665. There have been received since, or during the past year, whites, 230, and colored, 130, making a total reception of 360. There have been discharged, removed, eloped and died during the year, 455, leaving on hand October 1, 1892, 1,570; of whom seventeen of the whites and one of the colored are on furlough.

The average number of patients under treatment during the year was 1,618, while the total number receiving treatment was 2,025. It will be seen that the average number under treatment this year was two more than last year, and the whole number treated during the year was twelve more than any previous year.

The following tables will give in detail the movement of both white and colored:

## STATEMENT

In relation to the number of white patients during the past twelve months,  
or from October 1, 1891, to October 1, 1892:

There remained on hand October 1, 1891.....	1,142
White male lunatics.....	461
White male epileptics.....	65
White male idiots.....	22—548
White female lunatics.....	516
White female epileptics.....	52
White female idiots.....	26—594—1,142

There have been received during the year:

White males.....	117	
White females.....	113—	230

Total number under treatment..... 1,372

Of whom there have been

Discharged restored.....	103	
Discharged improved.....	9	
Discharged harmless, incurable.....	73	
Discharged by request.....	1	
Discharged and returned to penitentiary.....	2	
Discharged not insane.....	1—189	
Removed improved.....	5	
Removed unimproved.....	1— 6	
Eloped improved.....	2	
There have died.....	114—	311

Leaving on hand October 1, 1892..... 1,061

## CLASSIFICATION OF THE WHITES.

White male lunatics.....	404
White male epileptics.....	60
White male idiots.....	19—483
White female lunatics.....	510
White female epileptics.....	42
White female idiots.....	26—578—1,061

Of the deaths there occurred from abscess, 2; apoplexy, 10; congestion of the lungs, 1; consumption, 10; continued fever, 1; convulsions, 1; diarrhoea, 1; dropsy, 6; epilepsy, 13; erysipelas, 2; exhausted mania, 17; heart disease, 3; heart lesion, 1; influenza, 7; jaundice, 1; marasmus, 6; old age, 5; pancreatic abscess, 1; paralysis, 12; paresis, 4; pneumonia, 3; sclerosis of the spinal cord, 1; softening of the brain, 3; unknown, 3. Total, 114.

## STATEMENT

In relation to the number of colored patients during the past twelve months, or from October 1, 1891, to October 1, 1892:

There remained on hand October 1, 1891.....	523
Colored male lunatics .....	209
Colored male epileptics.....	28
Colored male idiots.....	2—239
Colored female lunatics.....	269
Colored female epileptics.....	13
Colored female idiots .....	2—284— 523
There have been received during the year:	
Colored males.....	71
Colored females.....	59
	130
Total number colored under treatment.....	653

There have been:

Discharged restore.....	33
Discharged harmless, incurable.....	23— 56
Removed improved.....	1
Eloped .....	3
Eloped restored.....	2
Eloped improved.....	2— 7
There have died.....	80— 144
Leaving on hand October 1, 1892.....	509

## CLASSIFICATION OF THE COLORED.

Colored male lunatics.....	199
Colored male epileptics .....	31
Colored male idiots.....	3—233
Colored female lunatics.....	261
Colored female epileptics.....	13
Colored female idiots.....	2—276— 509

Of the deaths there occurred from apoplexy, 1; Bright's disease, 2; burn, 1; consumption, 25; dropsy, 8; dysintery, 1; epilepsy, 7; exhausted mania, 3; heart disease, 2; heart lesion, 1; influenza, 6; marasmus, 2; mal-nutrition, 3; old age, 12; paralysis, 1; paresis, 1; peritonitis, 1; syphilis, 2; unknown, 1. Total, 80.

## HEALTH.

The general health of the institution has been very good for the past two years, with the exception of an epidemic of influenza and its effects, which was very general throughout the asylum during the winter and spring of both 1891 and 1892, attacking old and young, weak and strong indiscriminately. It was characterized by complete prostration in nearly all cases, and in the majority convalescence was very slow and gradual. There were several forms of the disease, perhaps the principal being gastric, vomiting, diarrhoea, gastro-intestinal disturbances; also quite a number with erysipematous tendencies, and inflammatory condition of the respiratory tract. The death rate was increased some by this epidemic of influenza and its effects. There were many cases, which, when admitted, were suffering from the effects of influenza, from which it was impossible for them to rally; also quite a number of old persons, very feeble both mentally and physically, some living but a few days or weeks after reception.

By reference to the cause of death, it will be seen that very few cases of recent brain diseases are numbered among the deaths, the large proportion being cases of chronic mental and physical diseases, almost an entire absence of acute and preventable diseases, which indicates excellent sanitary condition of the institution.

While there were under care and treatment during the past two years 2,373 patients, a good many of whom were strongly suicidal and homicidal, I am profoundly grateful to a wise and merciful Providence from the entire exemption from any homicide or suicide.

---

#### RECOVERIES.

It will be seen from the tables that the percentage of recoveries, based upon the admissions during the bi-ennial period, is as satisfactory as could be expected, and especially in our over-crowded condition, for there is nothing that militates more against the welfare, comfort and satisfactory treatment of the patients than over-crowding, and it is fraught with much mental anxiety to the Superintendent.

---

#### EMPLOYMENT AND AMUSEMENT.

We have steadily kept in view the importance of employment, and I am gratified to report a large number have been industriously employed during the past two years. Much work has been done by the male patients in the garden, farm, dairy and grading. Outdoor work is calculated to divert the mind and give mental and physical health. The females have generally been employed in the domestic work of the wards, and a vast amount of work of various kinds has been done throughout the bi-ennial period by both male and female, with good results, from an economical point of view, and of moral treatment. Entertainments and amusements have been regularly kept up during the past two years.

---

#### ADDITIONAL ASYLUM FOR BOTH WHITE AND COLORED INSANE.

You, gentlemen of the Board of Trustees, fully appreciate and understand the great demand and need of another asylum for the insane in this State. We have now on file over one hundred applicants awaiting admission, and doubtless there are several hundred throughout the State who sadly need asylum care and treatment, but know that we cannot receive them for lack of room, hence have not made application. The number of applications is growing larger every year, from the increase in population, and the startling, rapid increase of insanity in the colored population of the State. There is no class of the afflicted that appeals so strongly to our profound sympathies, prompt and unselfish aid, as the insane. It is both humane and economical on the part of the State to provide sufficient asylum accommodations for all of its insane, so as to give them the advantage of as early hospital treatment as possible, as the recovery from insanity bears almost a direct ratio to its duration. The large majority of cases, perhaps three-fourths, which are restored to mental health in the asylum, are of

those which are received within from eight to ten months from the beginning of the disease. Insanity, like other diseases, is much more amenable to treatment in its early stages than when chronic. We would not be justified in the hope of recovery in cases of long standing. They generally remain in the asylum during natural life, lost to their families and the productive powers to the State, also an annual expense to the State, perhaps for many years. Hence the vital importance of early treatment, and the humanity and economy of ample accommodations.

I would suggest that the State be divided into two asylum districts, with ample accommodations for the whole insane of the district. Location should be selected with reference to accessibility and abundant supply of good water, good surface drainage, and easy of satisfactory sewerage, with good building site and healthy exposure, land sufficient for farming and gardening, and grounds for other asylum purposes.

#### CRIMINAL AND CONVICT INSANE.

While I have in former reports called attention to the impropriety and flagrant injustice of confining the worst class of criminals and the insane convicts from the penitentiary in the wards of an asylum for the insane, I feel it incumbent upon me for the sake of suffering humanity to do so again. Association of this kind is not only hurtful and pernicious in its every influence to the welfare and moral treatment of the better class of the insane, but criminals as a class, and especially convicts, are totally unfit to associate with respectable and refined persons, who, from the disease of the brain, are forced to seek relief in the wards of an insane asylum. The Superintendants of the various asylums in the United States are fully agreed that the ordinary wards of an asylum are not the proper places for the custody, care and treatment of insane convicts. The buildings are not sufficiently secure to prevent their escape, even with the greatest care and vigilance. This is the experience of every asylum for the insane where this class of criminals and convicts are received, and it is a well known fact that they frequently feign insanity to be cleared of shackles and transferred to more comfortable quarters, and for the purpose of making their escape. And in case they are insane, unless their insanity is continuous, and not periodical or paroxysmal, they will, in all probability, ultimately succeed in escaping, and are seldom captured again. Therefore we are under the necessity of keeping the worst of this class confined to their rooms or wards most of the time, which deprives them of the most potent remedial factor in their treatment, judicious employment, which is acknowledged by all who have the care and treatment of the insane to be indispensable, and of more therapeutical value than medical treatment with many, and we would not be justified in the hope of recovery in even many of the acute and curable cases under such circumstances. Hence it will be readily seen that it is a flagrant injustice to both the insane convict and the better class of the insane. With such a view, is it right, proper, or humane? Is it not a reflection upon our humanity and Christian intelligence that the better class of the insane, on account of their affliction, should be forced to associate with the worst class

of criminals? Is it not clear that the dictates of humanity, and the protection of society, demand that there should be separate provision made for this unfortunate class?

The tendency of all well conducted hospitals for the insane is to avoid all appearance of prison as far as possible, extend all the liberty, and encourage employment whenever it is compatible with the condition and welfare of the patient, and to break down the cruel, and often fatal, idea that to enter the portals of an asylum is a disgrace. But when the best class of the insane find that they are associated with the worst class of criminals, it is a difficult matter to surmount or overcome such a baneful influence, which is readily seen to be hurtful to the improvement and recovery of the mental integrity of many. Besides, this class of criminals are generally depraved, ingenious and vicious; all of their influences and tendencies are demoralizing and destructive of good discipline and moral treatment. Still, in our crowded condition, they are to be specially favored, to the exclusion of the better class of the insane. Regardless of their condition, the duration of their insanity, or as to whether it is an urgent or curable case, we have to receive them.

The institution for the past twelve or eighteen months has been so over-crowded, especially in the entire colored department and the white female department, that we have been under the necessity of receiving patients only as vacancies might occur. The rules of the institution, as they now are by order of your Honorable Board, which is proper, wise and judicious, requires, before sending patients, to make application, according to law, to the Superintendent in each case, giving the character, duration of the disease, age, etc., if possible, and under your law, we give preference to the most recent, curable and urgent cases. This wise and judicious precaution was adopted for the purpose of preventing improper committals, and to save the counties and friends of the insane the unnecessary expense and trouble of a trip to the asylum. But with the criminal or convict insane, they can be sent without notice, and under the law we must receive them, regardless of the character of their insanity or condition. These troubles and difficulties are by no means new, or in my judgment difficult to remedy satisfactory, to the welfare of suffering humanity, and the protection of society.

Many of the States have found it necessary to establish hospitals for the care and treatment especially of the criminal and convict insane. In my judgment, when there is a better knowledge of insanity as a disease, every State will make separate provision for this class of the afflicted.

I would suggest to your honorable body that in my opinion the most satisfactory and humane arrangement for the custody, care and proper treatment of the criminal and convict insane would be to establish a small temporary hospital in connection with the convict camps, where they can be properly guarded and employed, which is indispensable in the treatment of a large majority of the insane. It is absolutely necessary for the mental and physical integrity, and it doubtless would be a means of preventing the feigning of insanity. The convict lessees are required to have hospitals for the care and treatment of those suffering from physical dis-

eases, and why not for mental diseases, and save the better class of the insane from associating with these depraved and desperate characters, and the State the annual expense, perhaps for many years, of their care and support, and society from the probability of their escape? Would it not be wise and humane, if they could not be provided for as suggested above, to send them to an asylum for the special care of this class in some other State?

My apology for referring so often in my annual reports to the necessity for separate provision for this class of the afflicted must be that I see and fully appreciate the injustice to my afflicted charge, and feel it incumbent upon me to keep it prominently before the public mind.

---

#### FINANCES.

By reference to the report of the Steward, it will be seen that the finances of the institution have been managed with the strictest economy compatible with the welfare of the patients, and this large institution. I know of no institution receiving all classes, as we do, that is managed with more economy.

---

#### ESTIMATED AMOUNT FOR SUPPORT, AND ALSO REPAIRS AND ENLARGEMENT OF THE LAUNDRY.

You will see by reference to the report of the Steward the estimated amount needed for support and maintenance, and also estimated amounts necessary for repairs of buildings and enlargement of the laundry. And from his report you will see that we ask for no increased appropriation for support, only asking for the same appropriation, \$190,000, and \$5,000 for repairs, which is necessary for the health of the patients, and the preservation of this large property. The \$1,500 asked for the enlargement of the laundry is a pressing necessity, as the capacity of the laundry is not equal to the demands of the institution.

We think the estimate for \$190,000 for support will be sufficient, provided the cost of supplies does not advance, and the special appropriations asked for are granted. The estimate for support of the institution is based upon the number of patients now on hand, and you will readily see it is a very low estimate, being about 33 cents per capita per diem.

---

#### ASSISTANT STEWARD.

The reports of the Assistant Steward will show in detail the conduct and management of the farm, garden, dairy, etc., for the bi-ennial period, with results which are entirely satisfactory.

---

STOREKEEPER.

The reports of the Storekeeper will give you a full and complete account of the issues made during the past two years.

---

## APOTHECARY.

The reports of the Apothecary will show in detail the conduct and management of that department.

---

## ENGINEER.

The Engineer's reports give a full and detailed account of the condition and what has been done in that department during the bi-ennial period.

---

## MATRON.

The Matron's reports will show in detail the large amount of work done in that department during the past two years, most of which has been done by female patients and attendants.

---

## LIBRARIAN.

The reports of the Librarian will show the condition of the library, the number of gratuitous contributions of all kinds made during the past two years, and from whom, as far as possible. It gives me pleasure to express our profound gratitude to the generous donors who have aided us so materially in breaking the monotony of asylum life and ameliorating the condition of our afflicted charge.

---

## RELIGIOUS SERVICES.

Religious services have been held regularly during the past two years by our faithful and efficient Chaplain, Rev. Thomas H. Gibson. He also buried the dead, and visited the sick when advisable. Mr. Gibson is peculiarly fitted to this divine and humane work.

---

## CONCLUSION.

It gives me much pleasure in expressing my obligation for the valuable aid received from all the officers, all of whom have discharged their respective duties faithfully and cheerfully. My acknowledgements are due also to the Supervisors and attendants generally, who, with but few exceptions, have been faithful in the discharge of their respective duties during the bi-ennial period.

To you, gentlemen of the Board of Trustees, I desire to express my profound gratitude for the intelligent aid and hearty co-operation you have always given me in the discharge of my duties.

Trusting in the future, as in the past, to a wise and merciful Providence, I commence the duties of another year.

Respectfully submitted,

T. O. POWELL, Superintendent.

### QUESTIONS TO BE ANSWERED BY PARTIES ACCOMPANYING PATIENTS TO THE ASYLUM.

1. Name?
2. Age?
3. Nativity?
4. Religion?
5. Occupation?
6. Married or single? (If female, state whether she has ever had children, their number, and the date of last birth.)
7. Natural disposition. Has the patient exhibited any eccentricity of mind, disposition or temper before the present attack?
8. When did the first symptoms of insanity appear, and how were they manifested?
9. Number, duration and character of previous attacks, if any? Was the patient ever suicidal, and in what manner, or had a homicidal propensity, or a disposition to be violent, destructive or filthy?
10. Is there any physical disease or derangement?
11. Have any of the patient's relations been insane, if so, who of them?
12. What is the cause of this, or previous attacks?
13. Is the patient addicted to the use of tobacco, or spiritous liquors, or opium? If so, to what extent?
14. Has the patient ever received an injury of the head?
15. Does the patient eat and sleep satisfactorily?
16. Is the patient disposed to do mischief with fire?
17. What treatment or confinement has been employed?
18. Give the name of the person or parties to be addressed in his or her case?

---

### CLOTHING.

Each patient should be provided with at least two full suits of clothing. Knives and jewelry should be left at home.

## Report of Steward.

STATE LUNATIC ASYLUM,  
MILLEDGEVILLE, GA., October 1, 1892. }

DR. T. O. POWELL, Superintendent:

Dear Sir—I have the honor to transmit, through you, to our Board of Trustees, this, my report as Steward, covering the period from October 1, 1891, to October 1, 1892.

Exhibit "A" shows the balance brought forward from last fiscal year, the amount drawn from State Treasury for the support and maintenance of the institution, together with a classified statement of disbursements; also the balance on hand to be carried forward to next year.

Exhibit "B" shows in detail the expenditures on account of subsistence.

Exhibit "C" shows in detail the expenditures on account of clothing.

Exhibit "D" shows in detail the expenditures on account of fuel and transportation.

Exhibit "E" shows salaries paid officers.

Exhibit "F" shows wages paid employes.

Exhibit "G" shows in detail the expenditures on account of incidentals.

Exhibit "H" shows in detail the expenditures on account of medical supplies.

Exhibit "I" shows in detail the expenditures on account of contingencies.

Exhibit "J" shows in detail the expenditures on account of stationery and postage.

Exhibit "K" shows the requisitions drawn from the State Treasury in their regular order.

Exhibit "L" shows the average number of patients, from 1873 to 1892, both included, together with the per capita cost per diem and per annum.

Exhibit "M" shows the cost of maintaining one patient by the year, month, week and day.

Exhibit "N" shows all packages received for male patients, date of reception, and to whom delivered, from October 1, 1891, to October 1, 1892.

Exhibit "O" shows all packages received for female patients, date of reception, and to whom delivered, from October 1, 1891, to October 1, 1892.

Our Storekeeper, Mr. W. H. Hunter, reports stock on hand and paid for amounting to \$4,438.17.

Our Apothecary, Dr. A. G. North, reports stock on hand and paid for amounting to \$1,210.70.

Our per capita is \$32.33 for the past year. With the present number of inmates, 1,570, at a per diem of 35 cents, which is certainly a reasonable

and at the same time an economical, and I believe a safe allowance. We would need \$200,567.50, but with the small balance on hand I would urge an appropriation of \$190,000 per annum, for support and maintenance, together with a special appropriation of \$5,000 per annum, for repairs of buildings, also an appropriation of \$1,500 for the enlargement of our laundry, the institution having outgrown its present capacity.

By reference to accompanying report of Assistant Steward, Mr. G. W. Hollinshead, you will see the results, from hogs, dairy, garden, etc.

I would call particular attention to the showing made for amount of pork raised, which was done at a very small cost to the institution, the hogs being fed almost entirely on slop.

Thanking you and the Board of Trustees for continued confidence, I am yours,

Very respectfully, etc.,

LUCIUS J. LAMAR, Steward.

#### EXHIBIT A.

Statement of Lucius J. Lamar, Steward Lunatic Asylum, showing balance brought forward from last fiscal year, and all money received, and a classified statement of disbursements from October 1, 1891, to October 1, 1892:

Sept. 20.	" .....		15,833 33
	Total.....		\$159,999 96

## EXHIBIT "L."

Showing average number of patients in this institution, the per capita per diem, and the per capita per annum, from 1873 to 1892, inclusive:

YEAR.	AVERAGE NUMBER OF PATIENTS.	COST PER DIEM.	COST PER ANNUM.
1873	550	52 $\frac{1}{2}$	190 70
1874	550	48 $\frac{1}{2}$	177 36
1875	600	37 $\frac{1}{2}$	136 80
1876	600	37 $\frac{3}{4}$	137 77
1877	638	36 63-100	133 70
1878	725	34 55-100	126 11
1879	748	32 9- 10	120 10
1880	820	35 64-100	130 09
1881	886	33 9- 10	123 74
1882	942	38 $\frac{5}{8}$	140 98
1883	1,005	33 3- 10	121 46
1884	1,179	34 $\frac{3}{4}$	126 90
1885	1,232	34 18-100	124 76
1886	1,237	33 $\frac{3}{4}$	123 19
1887	1,266	34 12-100	127 40
1888	1,340	34 83-100	127 48
1889	1,438	34 74-100	126 81
1890	1,538	31 43-100	114 72
1891	1,616	32 8-100	117 09
1892	1,618	32 33-100	118 33

## EXHIBIT "M."

Showing cost of maintaining one patient by the year, month, week and day:

For one year, 366 days.....	\$118 33
For one month, 30 days .....	9 70
For one week, 7 days .....	2 26
For one day.....	32 33-100

EXHIBIT "N."

Showing all articles received for male patients, date of reception, and to whom delivered, from October 1, 1891, to October 1, 1892:

# Report of Assistant Steward.

GEORGIA STATE LUNATIC ASYLUM, October, 1, 1892.

MR. L. J. LAMAR, Steward:

Dear Sir—I herewith hand you my report as Assistant Steward for the year beginning October 1, 1891, and ending with September 30, 1892, of dairy, pork and garden; also statement of stock, wagons, etc., on hand October 1, 1892.

Very respectfully,  
GEORGE W. HOLLINSHEAD, Assistant Steward.

## DAIRY.

	CR.
By sweet milk, 23,162 gallons, at 20c. ....	\$4,632 40
By beef, 2,635 pounds, at \$4.30.....	113 30
By hides, 351 pounds, at 2c.....	7 02
	<hr/>
	\$4,752 72

## DR.

To wages and board, two hands.....	\$ 600 00
To hay, 58,934 pounds, at 20c.....	117 86
To bran, 204,114 pounds, at 90 $\frac{1}{2}$ c.....	1,851 32
To C. S. meal, 22 tons, at \$22.50.....	495 00
To cow food, 12,800 pounds, at 85c.....	108 80
To 10 sacks salt, at 60c.....	6 00
To 1 W. W. brush, at 50c.....	50
To 5 milk buckets, at 35c.....	1 75
To 6 feed buckets, at 12 $\frac{1}{2}$ c.....	75
To 1 blank book, at 5c.....	5
To 1 scythe blade, at 65c.....	65
To 5 milk cans, at \$3.90.....	19 50
To 2 curry combs, at 18c.....	36
To 3 lanterns, at 50c.....	1 50
To 12 stock powders, at \$2.00.....	2 00
To 153 feet well rope, at 3c.....	4 59
To 1 milk strainer, at 25c.....	25
To 4 towels, at 10c.....	40
To 1 well whirl, at 25c.....	25—\$3,211 53

Balance in favor of dairy..... \$1,541 19

## POrk.

	CR.
By pork killed, 30,727 pounds, at 6c.....	\$1,843 62
	DR.
To corn, 142½ bushels, at 77c.....	\$109 73
To speying pigs.....	9 90—\$ 119 63
	<hr/>
Balance in favor of pork.....	\$1,723 99

## GARDEN.

	CR.
By collards, heads, 12,666, at 3c.....	\$379 98
By turnip greens, bushels, 416, at 20c.....	83 20
By field peas, bushels, 85½, at 60c.....	51 15
By rutabaga turnips, bushels, 470, at 60c.....	282 00
By sweet potatoes, bushels, 940, at 50c.....	470 00
By rough turnips, bushels, 726, at 30c.....	217 80
By radish, bushels, 71, at 50c.....	35 50
By lettuce, bushels, 12, at 20c.....	2 40
By onions, bushels, 242, at 90c.....	217 80
By snap beans, bushels, 54, at 75c.....	40 50
By spinach, bushels, 298, at 20c.....	59 60
By squash, bushels, 276, at 60c.....	165 60
By okra, bushels, 73, at \$1.....	73 00
By cucumbers, bushels, 128, at \$1.....	128 00
By beets, bushels, 64, at 50c.....	32 00
By green corn, dozens, 2,598, at 10c.....	259 80
By Irish potatoes, bushels, 174, at \$1.....	174 00
By cabbage, heads, 9,884, at 3c.....	296 52
By cantelopes, number, 4,552, at 3c.....	136 56
By tomatoes, bushels, 141, at 50c.....	70 50
By butter beans, bushels, 62½, at \$1.....	62 25
By watermelons, number, 2,360, at 5c.....	118 00
By scuppernongs, bushels, 5, at \$2.....	10 00
By peaches, bushels, 453, at 50c.....	226 50
By pears, bushels, 7, at \$1.....	7 00
By hay, pounds, 57,045, at 20c.....	114 09
By fodder, pounds, 5,156, at 50c.....	25 78
By pepper, bushels, 50, at 50c.....	25 00
By carrots, bushels, 24, at 50c.....	12 00
By pumpkins, number, 40, at 3c.....	1 20
	<hr/>
	\$3,777 73

	Dr.
To wages and board, Mr. Vinson.....	\$ 568 57
To wages and board, Mr. Simpson.....	390 00
To wages of hands.....	561 60
To farm implements.....	26 53
To 8 tons guano.....	180 00
To 3 tons C. S. meal.....	69 00
To 12 bushels onion sets.....	49 00
To garden seed.....	142 18
To seed, Irish potatoes, barrels, 20.....	45 00
To feed, wear and tear of 5 mules.....	375 00—\$2,406 88
Balance in favor of garden.....	\$1,370 85
Total credit of dairy, pork and garden.....	\$10,374 07
Total debit of dairy, pork and garden.....	\$5,738 04
Total balance in favor of dairy, pork and garden.....	\$4,636 03

STATEMENT SHOWING STOCK, WAGONS, ETC., ON HAND  
OCTOBER 1, 1892.

Mules..... 17	Horses..... 1
Carriages and harness..... 2	Carriage, old..... 1
Spring wagon, old..... 1	Two-horse wagons and harness. 4
Dump carts and harness..... 5	Ox carts..... 3
Hearse..... 1	Plow, stocks and gear..... 6
Picks..... 6	Pitchforks..... 2
Shovels..... 12	Axes..... 2
Weeding hoes..... 12	Milch cows..... 58
Calves..... 26	Heifers..... 20

# Report of Engineer.

---

GEORGIA STATE LUNATIC ASYLUM, }  
MILLEDGEVILLE, GA., October 1, 1892. }

DR. T. O. POWELL, Superintendent, etc.:

Sir—I have the honor to herewith submit my annual report of amount of work done by hands in my department, outside of the ordinary repair work of the institution.

You will also please find attached my yearly inventory of machines, tools, etc.

Respectfully,

T. H. DESAUSURE, Engineer.

---

## IMPROVEMENTS.

A portion of the plank fence between the patients' yard and the front grounds of the institution, on the west side, has been taken down and a brick wall put in its place. In this work 83,500 brick, taken from walls rendered useless by the placing of the two "Convalescent Buildings" in the front of the main part of the asylum, were used; and the work has been done by our bricklayer when he could be spared from the wards, assisted by patients.

The areas around the "Convalescent Buildings" have been dug out and so arranged that the basements will not be flooded during heavy rains.

Three hundred and seventy-nine squares of tin roof has been painted. Wards 1 and 5 of white male and 1 of female colored, and all the stairways and partitions dividing the wards and portico of the negro building, have been given two coats of paint. The painters have also put in 2,200 panes of glass and varnished 101 bedsteads and 100 lattice benches.

We have improvised a large air chamber out of a piece of twelve-inch pipe for our Worthington water works pump, which has entirely overcome a water hammer that has given us much trouble in our pumping main. We have also removed the plunger pistons and piston rods of this pump.

There has been put up a mechanical telephone between the main center building and the negro building, and a set of magneto bells between the main engine room and the water works, the fireman's and engineer's houses; also three electric bells in the offices of the center building.

The floor of the main kitchen, which was much worn, rendering it impossible to keep it clean, has been replaced by a brick and cement floor, and the steam-cooking apparatus connected with new pipe. This kitchen is

40x60 feet. A new six-foot Worthington iron range has also been placed here, the old one being burnt out. Hoods have been put over the two ranges and the brick bread-oven here also.

At the gas works we have put in a new cap to the center seal and a new bench of 3s.

With the aid of an ox gotten from the dairy farm and a cart built at our shop, we are enabled to do the scavenging work of the institution much quicker and more effectively than formerly.

Since the yard once used by the female patients as a sun-yard has been thrown into the front grounds, it has been necessary to move the pavilion from there to the yard now used by them. This building is 24 x 60 feet and has been rolled 370 feet to its present location.

One room, ceiled throughout, has been added to the milkman's house, and a store room, without ceiling or plastering, to a small house in the back yard.

The horse lot and dairy farm have been supplied with water from tower by laying 1,352 feet of 2-inch cast iron pipe.

Besides doing the ordinary repair work necessary about the institution, the carpenters have done the following work:

1 letter box for Assistant Physician's office.	14 hoe handles.
9 heavy benches for negro building.	100 sash latches.
2 bread tables for kitchens.	12 voucher boxes.
6 panel doors.	1 water table.
1 pair sash doors.	1 box for shipping organ.
5 sink tables.	1 chicken coop.
5 lattice doors.	6 singletrees.
169 lattice benches with backs.	1 mealbox.
1 pair folding blind doors.	138 bedsteads.
1 table for Apothecary.	4 large rooms floored.
55 frames for postal law.	16 8-inch wooden rollers.
5 mantels.	14 panels of picket fence.
2 picture frames for Superintendent's and Trustees' offices.	4 panels of close boarded fence.
12 grated platforms for colored laundry.	2 frames for carriage window.
122 shuck mops.	4 double gates 9 feet high.
100 window stops.	1 single gate.
191 head boards for cemetery.	1 sash.
92 foot boards	9 window guards.
4 hitching posts.	4 dump carts, complete.
6 medicine cases.	1 pair wagon hounds.
16 commodes.	1 cart body.
2 sets clothes shelves.	3 pair cart shafts.
1 set of steps.	2 ox yokes.
2 step ladders.	2 ox yoke bows.
	1 well curb and frame.
	174 coffins.
	17 boxes for shipping coffins.

## INVENTORY OF MACHINES, TOOLS, ETC.

## BOILERS.

2 Lowes' patent tubular boilers, 40 horse-power each.	1 return tubular boiler, 25 horse-power.
3 return tubular boilers, 40 horse-power each.	1 vertical tubular boiler, 30 horse-power.
1 return tubular boiler, 35 horse-power.	1 cylindrical boiler, 7 horse-power.
2 return tubular boilers, 50 horse-power each.	1 Babcock & Wilcox water tube boiler, 136 horse power.
2 return tubular boilers, 75 horse-power each.	1 Babcock & Wilcox water tube boiler, 156 horse-power.
1 return tubular boiler, 30 horse-power.	—
	16

## STEAM ENGINES AND PUMPS.

1 vertical engine, 11x18.	1 Cameron boiler feed pump, 8x6.
1 horizontal engine, 10½x20.	1 Knowles' duplex boiler feed pump, 6x4x7.
1 deep well pump, 18x8½x48.	1 Knowles' automatic duplex feed pump and receiver, 4½x2½x4.
1 Worthington duplex steam fire pump, 12x7x10.	1 Cameron water-works pump, 14x7x24.
1 Knowles' boiler feed pump, 4x2½x6.	1 Worthington duplex water-works pump, 14x7x10.
2 Worthington boiler feed pumps, 6x4x9.	

## IRON WORKING TOOLS.

1 engine lathe, 24 in. swing.	61 assorted taps.
1 engine lathe, 9 in. swing.	3 pipe cutters.
1 power pipe threading machine, with taps and dies from ¼ to 2 in.	18 lathe dogs.
2 lathe chucks.	2 pairs gas plyers.
1 spike hammer.	9 pairs adjustable pipe tongs.
8 reamers.	4 Stilson pipe tongs.
4 pipe stacks and dies.	1 ratchet brace.
30 twist drills.	1 hack saw.
2 hand screw plates with small taps.	2 tool chests.
12 pairs plain pipe tongs.	1 grindstone.
4 chain tongs.	1 Berryman water heater, 24x96.
11 tap wrenches.	2 jack screws.
10 ratchet brace drills.	1 8-day clock.
73 chisels and calking tools.	18 lathe tools.
3 tool racks.	1 lead pot.
2 sets Armstrong boltstocks and dies	1 ladle.
1 2-ton Weston pulley block.	1 50-foot tape.
1 5-ton Weston pulley block.	1 alcohol lamp.
	1 blow pipe.

3 night watch clocks.  
2 drill chucks.  
1 calking hammer.

1 vise.  
3 pipe vices.

## BLACKSMITHS' TOOLS.

1 anvil.  
1 swage block.  
1 bellows.  
9 tongs.  
1 sledge.  
2 hand hammers.  
2 heading tools.  
1 flatter.

4 sets of swages.  
1 set of fullers.  
3 hammer punches.  
1 monkey wrench.  
1 oil can.  
2 soldering irons.  
1 box of horse shoeing tools.  
1 vise.

## WOOD WORKING MACHINES, ETC.

1 planer and matcher.  
1 pony planer.  
3 sets of bits for same.  
1 foot morticing machine.  
13 morticing machine bits.  
1 sticking machine.  
3 cutter heads for same.  
6 circular saws.  
1 scroll saw table.  
13 " " blades.

93 machine bits.  
1 wood turning lathe.  
1 tenoning machine.

1 separator.

## ENGINEERS' OUTFIT.

1 engineer's and surveyor's transit.	1 pick
1 leveling rod.	1 shovel.
1 100-ft. engineer's chain.	1 ax.
1 50-ft. tape.	

# Report of Matron.

STATE LUNATIC ASYLUM, October 1, 1892.

DR. T. O. POWELL, Superintendent, etc.:

Permit me to submit the enclosed as my report for the year ending October, 1892. I would add that repairing has been done for the institution and all scraps and remnants have been put to a good use, and have been properly accounted for through the Storekeeper's office.

All of which is respectfully submitted,

MRS. I. M. DARNELL.

## Report of Apothecary.

ASYLUM P. O., GA., Oct. 1, 1892.

DR. T. O. POWELL, Superintendent, etc.:

Dear Sir—I have the honor herewith to submit my report of Apothecary department for the year commencing October 1, 1891, to October 1, 1892:

Amount of drugs purchased October 1, 1891, to October 1, 1892....\$2,658 03

Amount of drugs sold officers and employes, which deductions from checks were made, and for which the Apothecary is entitled to credit..... 187 75

Amount of drugs on hand October 1, 1892..... 785 70

Amount of surgical instruments..... 425 00

Number of prescriptions filled October 1, 1891, to October 1, 1892.. 12,519

Very respectfully,

A. G. NORTH, Apothecary.

## Report of Chaplain.

---

OCTOBER 1, 1892.

DR. T. O. POWELL, Superintendent State Lunatic Asylum:

My Dear Sir—I have the honor herewith to transmit through you, to the honorable Board of Trustees of the Asylum, my report for the year ending October 1, 1892.

I have held in the asylum building religious worship for the benefit of the patients of the institution, very regularly on Sunday and Thursday afternoons. These services have been well attended, and apparently highly appreciated.

Mrs. West has been prompt and regular in attendance, and in the discharge of her duties as organist, and has added much interest and attractiveness to the public worship.

The dead has been buried with appropriate services, and a record of the interments have been kept.

Very respectfully,

THOS. H. GIBSON, Chaplain.

---

## . Report of Librarian.

---

GEORGIA ASYLUM LIBRARY, October 1, 1892.

DR. T. O. POWELL, Superintendent:

Please find below a consolidated report of library for two years, from October 1, 1890, to October 1, 1892:

Number of books received from Oct. 1, 1890, to Oct. 1, 1892.....	2,703 vols.
Number of newspapers daily.....	8 copies
Number of newspapers weekly.....	40 copies

Respectfully,

ROBT. A. TRIPPE, Librarian.

1893.

## REPORT.

---

*To His Excellency, W. J. Northen, Governor of Georgia :*

As required by law, the undersigned, constituting the Board of Trustees of the Lunatic Asylum of the State of Georgia, respectfully present this their annual report for the fiscal year extending from October 1, 1892, to October 1, 1893.

During the past year, as for the previous three, your Board of Trustees have constantly exercised the closest and most constant supervision of every department of the Lunatic Asylum, with the view of promoting to the fullest possible extent the welfare of its inmates, and at the same time to be careful so to administer our trust to the State, in that the institution should be managed with the strictest economy compatible with the proper care of the insane committed to our keeping. While we have constantly endeavored to operate this asylum as economically as possible, we have ever been, and are now, impressed with the idea that the welfare of the inmates should be the first care of the State.

### MAINTENANCE.

We with pleasure direct your attention to the fact that during the year just closed we have maintained the institution at a per capita per diem cost of  $31\frac{9.5}{100}$  cents, or \$116.62 per year, which is the lowest figure for maintenance, so far as known, in the history of this institution with the exception of the year, 1890, which was a per capita per diem cost of  $31\frac{4.3}{100}$  cents, and a per capita per an-

num of \$114.72. It is only just to call your attention to the fact that during the year 1890, when the per capita cost of maintenance was a little below that of the year just closed, little or no repairs or improvements were made to the institution, but it was necessarily allowed to run down and had to be improved out of subsequent appropriations; and during the year just closed numerous internal and external improvements, internal furnishing, etc., have been added, contributing largely to the comfort and safety of the inmates of the institution. While this shows an actual less per capita cost of maintenance by reason of these extras which have been added, we beg to call your attention to the fact that this saving has not been made by denying anything needful to the proper care of the inmates.

We beg to call the attention of your Excellency to the last printed annual report of this board, page 4, showing the cost of maintenance of this institution from 1873 to 1892 inclusive, in substantiation of this claim. We also beg to refer your Excellency to pages 5 and 6 of the last annual report, showing the annual cost of maintenance of eighty insane asylums in various States in the Union, and beg a careful comparison of the expense of this institution with the ones therein cited. By reference to this report of these various asylums, it will be seen that only two in America, so far as therein shown, were maintained at a smaller per capita cost than ours. One of these was a negro asylum located at Petersburg, Va., where the annual per capita cost was \$113.69; the other was the Weston Insane Asylum, located in West Virginia, which was \$115.44 per capita per annum. By making a tabular statement of these reports, you will find that the average annual cost of maintenance of these eighty institutions was about double the per capita cost per annum of this institution. These facts give abundant evidence of the faithfulness and

economy with which the trust in this institution has been discharged. We would ask a careful study of these comparative statements by your Excellency, as well as each member of the legislature.

#### ADDITIONAL PROVISIONS FOR THE INSANE.

The Board of Trustees beg to repeat what we have previously said in the last printed annual report upon the urgent, indispensable need of additional provisions being made for the insane of the State, and we beg your careful perusal of this statement.

During the past summer, July 27 last, this board had the pleasure of meeting in conference the Joint Committee of the Legislature appointed to look into the question of the necessity of providing additional accommodations for the insane of the State. After a full conference, and going over the grounds, the joint committees of the Legislature and the Board of Trustees of this institution agreed that by reason of its greater economy in maintenance, as well as greatly reduced first cost of construction, to enlarge the present buildings rather than locate a second institution in a distant part of the State, as originally recommended by the Board of Trustees.

We deemed it probable that the first cost of construction of a new institution would reach \$500,000.00, whereas the enlargement last agreed upon would probably not exceed \$100,000.00. Then the cost of administration would be added to by the second complete staff of officers necessary for operating a different institution, which would probably amount to \$6,000.00 to \$10,000.00 annually.

The trustees of this institution agreed with the Joint Committee of the Legislature that the legislature should be asked for an appropriation of \$100,000.00 to be ex-

pended in constructing a new negro building at this place, and that the present negro building, which is a substantial and good structure, but inadequate to the accommodation of the negro patients, male and female, be used exclusively for white males, and that \$20,000.00 should be appropriated for putting this building in proper condition for the reception of the whites, it being the opinion of the Trustees of the Lunatic Asylum, and of its Superintendent, Dr. Powell, that if this is done abundant provision will have been made for the proper care of all the insane of the State for the next decade at least.

The Committee of the Trustees, at the request of the Joint Committee of the Legislature, instructed our engineer to prepare plans, specifications, and estimates for the new building proposed to be used for negroes. We beg herewith to submit these plans, specifications and estimates of Engineer DeSaussure, as requested by the Joint Committee on the Lunatic Asylum of Georgia. By reference to the estimates of the engineer, you will find that instead of the cost of the new building being \$100,000.00, it will reach \$129,796.08. This discrepancy between the original estimate and that of the engineer is to be accounted for as follows: the original estimate was made without sufficient data being at hand during the limited time then at our command to make accurate calculations of the cost of the building in all of its details. We therefore amend our request as follows: that instead of \$100,000.00 being appropriated for the construction of the new building for negroes, the amount originally asked for be increased to \$130,000.00, provided so much be needed, and that \$20,000.00 additional be appropriated for putting the present negro building in proper condition for occupancy by white males.

We beg to call the attention of your Excellency and of

the legislature to the fact that even should the appropriations now asked for be granted, that it will be about two years before the new building can be completed and fully operated. The Board of Trustees would respectfully suggest to your Excellency that should the legislature find it impossible to vote us the full amount asked for (\$150,000.00) in one year, that they vote us \$75,000.00 this year and \$75,000.00 next year. In this way it will not burden the State to pay for the building out of the income of one fiscal year, yet will enable us to go on with the construction of the building as soon as the appropriation is made. The Board of Trustees pledge your Excellency that should it be found possible to make these improvements at a less cost than the figures above specified, viz., \$150,000.00, that every intelligent and honest effort will be directed to that end.

We beg to remind your Excellency and the legislature that while \$10,000.00 has been expended in enlarging the present accommodations, already the full capacity of the institution for white males has been exhausted, and during the ensuing year that for white females will have been also exhausted, thereby making it a necessity upon the part of each county in Georgia to confine its acute insane in its jail until room shall have been provided in the Insane Asylum by reason of death or recovery of patients already in the institution. This process is so slow that it will probably require the confinement of the acute insane in jails for a lengthy period of time before they can be received into the institution. The negro building for both males and females is now unjustifiably overcrowded, and it is absolutely impossible to receive the number of negro patients who should be admitted promptly into the institution in order to insure their having a proper chance of recovery.

We would call the attention of your Excellency to the fact that the recovery of insane persons is in direct ratio with the period of their insanity, and unless they be promptly treated they soon fall into chronic insanity and thereby become incurable, thus becoming a public expense during the remainder of their lives.

If we seem unduly to insist upon additional provision being made for the insane of Georgia, we beg to remind you that our position as trustees makes us painfully aware of the necessity for enlargement, and it has now assumed a position where these unfortunate human beings must be provided with accommodations in the Insane Asylum, or confined in the common jails. It rests with the legislature to decide which policy shall be adopted. We cannot believe that the great heart of the State of Georgia will condemn this unfortunate class to confinement in jails instead of proper maintenance in the Lunatic Asylum.

#### EXPENDITURE OF SPECIAL APPROPRIATIONS.

The special appropriation voted us for the construction of fire walls has been expended, and the building is now, for the first time in its history, divided into seven compartments by reason of these fire walls. This adds greatly to the safety of the building from fire, and should thereby greatly lessen the rate of insurance.

The special appropriation for the laundry has been expended, and the laundry is now in a condition sufficient for the purposes required.

The addition to the female convalescent building for the accommodation of female patients has been completed within the appropriation. In the treasurer's report there is an apparent balance of this fund of \$990.97, which will be consumed by unpaid bills for heating apparatus, etc., not yet audited.

The cottage for the first assistant physician has been completed and is now occupied, and the apartments formerly used by him converted into rooms for female patients.

#### BALANCE ON HAND.

By reference to the treasurer's report you will find that the surplus on hand is \$15,140.91. This is larger than the surplus fund usually carried over by us, and is to be accounted for by the fact that in consequence of strikes in the mines, railroad irregularities, etc., about 1,500 tons of coal usually delivered by this time remains to be delivered. This item will reduce our surplus to about \$10,000.00, the amount usually carried over by us from one fiscal year to another. This is indispensably necessary to be carried over from one year to another to enable us to meet the extraordinary expenses incident to the winter months, fuel, clothing, blankets and other expenses incidental to the season, rendering the expenses of these months largely in excess of the average monthly expenses.

#### SUPERINTENDENT'S REPORT.

We commend to your careful study the report of Superintendent Powell, giving in detail the administration of this institution, with such suggestions as have occurred to him as necessary to its proper management. We commend Superintendent Powell for his faithfulness in the discharge of his duty.

#### STEWARD'S REPORT.

We commend the faithful services of the steward, and refer you to his detailed report, showing each item of expense in the institution.

#### ASSISTANT STEWARD'S REPORT.

We call your particular attention to the administration of the office of assistant steward. By the report of this

officer you will find that the profits of operating the dairy, hog pens, and garden amounted to \$7,288.18, after deducting all the expenses of the department.

#### TREASURER'S REPORT.

The treasurer's report will give you in detail the financial status of the institution.

#### ENGINEER'S REPORT.

The engineer's report will furnish you in detail a statement of the work of this department of the asylum.

#### STOREKEEPER'S REPORT.

We refer you to the storekeeper's report, which is presented in detail and gives you full information as to the articles of diet, amount, etc., used in this institution.

#### APOTHECARY'S REPORT.

The apothecary's report will show an itemized statement of cost of maintenance of that department, and the economy in its administration.

#### DISCHARGE OF DUTY BY OFFICERS.

The board take especial pride in the efficiency of the management of this institution, and commend all of its officers for faithful, efficient and intelligent discharge of duty.

Respectfully submitted,

G. A. CABANISS,

President Board of Trustees.

EUGENE FOSTER, M. D.,

Secretary Board of Trustees.

STATE LUNATIC ASYLUM, October 1, 1893.

*To the Honorable Board of Trustees Georgia State Lunatic  
Asylum :*

GENTLEMEN—I herewith respectfully present for your consideration my annual report for the year beginning October 1, 1892, and ending October 1, 1893, together with the reports of the steward, treasurer, and other officers, giving a detailed account of the operations and management of the institution, in all of its departments; also the movement of its population. These will furnish a full understanding of the workings of the institution for the past year.

On the 1st of October, 1892, there were white patients on hand 1,061, and colored 509, making a total of 1,570. There have been received since, or during the past year, whites 269, and colored 129, making a total reception of 398. There have been discharged, removed, eloped, and died during the year, 292, leaving on hand October 1st, 1893, 1,676, of whom 13 of the whites and 6 of the colored are on furlough.

The average number of patients under treatment during the year was 1,623, while the total number receiving treatment was 1,968. It will be seen then that the average number under treatment this year was 5 more than last year. We have 106 more patients on hand than at the close of last year.

The following tables will give in detail the movement of both white and colored population:

*Statement in Relation to the Number of White Patients  
During the Past Twelve Months, or from October  
1, 1892, to October 1, 1893.*

There remained on hand October 1, 1892	1,061
White male lunatics	404
White male epileptics	60
White male idiots	19—483
White female lunatics	510
White female epileptics	42
White female idiots	26—578—1,061
There have been received during the year:	
White males	170
White females	99— 269
Total number of whites under treatment	1,330
Of whom there have been discharged re- restored	108
Discharged, harmless, incurable	8
Discharged, not insane	1
Discharged, improved	2
Discharged, unimproved	1—120
Removed, improved	3
Eloped, improved	5
There have died, males	34
“ “ “ females	22— 56— 184
Leaving on hand October 1, 1893	1,146

CLASSIFICATION OF THE WHITES.

White male lunatics	457
White male epileptics	67
White male idiots	19—543
White female lunatics	525
White female epileptics	52
White female idiots	26—603—1,146

Of the males there died from apoplexy, 2; cancer, 1; diarrhea, 3; dropsy, 2; epilepsy, 7; erysipelas, 1; exhausted mania; 9; heart disease, 3; marasmus, 2; old age, 1; paresis, 1; pneumonia, 1; suicide, 1; total, 34.

Of the females, from apoplexy, 2; cancer, 1; consumption, 4; diarrhea, 1; epilepsy, 1; exhausted mania, 5; hematuria, 1; heart disease, 2; marasmus, 3; paralysis, 1; softening of the brain, 1; total, 22.

*Statement in Relation to the Number of Colored Patients  
During the Past Twelve Months, or from October  
1, 1892, to October 1, 1893.*

There remained on hand October 1st, 1892	509
Colored male lunatics	199
Colored male epileptics	31
Colored male idiots	3—223
Colored female lunatics	261
Colored female epileptics	13
Colored female idiots	2—276—509

There have been received during the year:

Colored males	71	
Colored females	58—	129

Total number of colored under treatment 638

Of whom there have been discharged, re- stored	25
Discharged, improved	3
Discharged, harmless, incurable	2—30
Removed, improved	1
Eloped, improved	5
Eloped, insanity doubtful	1— 6
There have died, males	30
Females	41— 71—108

Leaving on hand October 1st, 1893 530

## CLASSIFICATION OF THE COLORED.

Colored male lunatics.....	212
Colored male epileptics.....	32
Colored male idiots.....	2—246
Colored female lunatics.....	267
Colored female epileptics.....	15
Colored female idiots.....	2—284—530

Of the males, there died from Bright's disease, 1; consumption, 4; dropsy, 1; epilepsy, 7; exhausted mania, 4; heart disease, 2; marasmus, 3; peritonitis, 1; pneumonia, 1; old age, 5; softening of the brain, 1; total, 30.

Of the females, from apoplexy, 1; consumption, 12; abdominal tumor, 1; dropsy, 2; diarrhea, 1; heart disease, 3; marasmus, 10; old age, 5; pneumonia, 1; syphilis, 1; unknown, 4; total, 41.

## HEALTH.

The general health of the institution has been remarkably good, when we take into consideration that there were under treatment during the year 1,968 patients and our crowded condition and the number of very old people we have on hand. Many of them have been in the institution for twenty-five, thirty and forty years. We have also received many that were old and feeble, broken down mentally and physically, some living but a few days or weeks after reception. This is especially true of the colored insane. This class of patients increased the death rate materially. Under the circumstances, it is gratifying to report that we have been fortunately exempt from any epidemic sickness of any kind the past year. By reference to the cause of death it will be seen that there were but few cases in which there was any reasonable hope of recovery.

## RECOVERIES.

The per cent. of recoveries is  $38\frac{7}{10}$ , based upon the admissions for the year. It is as good as we could reasonably expect, when we consider the number of acute cases received.

## EMPLOYMENT AND AMUSEMENT.

The various departments of the institution have given employment to quite a large number of patients of both sexes. The matron's report will show a large amount and variety of work done by the female patients, such as making, repairing, etc. The garden and dairy, grading and excavation have given outdoor employment to many of the male patients.

We have endeavored to diversify the occupations to the utmost extent of our ability, never losing sight of the principal aim and object, the good of the patients mentally and physically. Employment is a most potent power in their successful treatment.

We have also kept up through the year, and diversified them as much as possible, the usual amusements. These entertainments are always enjoyed, and their influence for good is generally seen and felt.

#### IMPROVEMENTS.

It is gratifying to state that there have been many important, internal, needed improvements this year in the various wards of the institution, such as putting in new flooring, repairing old water closets, refurnishing some of the wards and dining rooms, putting down matting, etc., making the wards much more homelike in appearance, which adds very much to their comfort; also erecting fire walls, drying room to the laundry, building cottage for first assistant physician, adding two additional wards to the female convalescent building, for which the last General Assembly made appropriations, and converting the center building, formerly occupied by the first assistant physician, for the use of the patients.

#### OVERCROWDED.

Your honorable body are fully aware of the overcrowded condition of the asylum in its every department during the past year. It has been a source of much anxiety and trouble in the management of the institution. Overcrowding is hurtful to the best interests of the insane in hospital treatment, and is destructive of perfect discipline. Hence it is productive of much evil and danger.

Every available space in the white male and colored male and female departments is now occupied. We now have 119 rooms with two patients in each room, 27 rooms with more than two patients in the same room, and 104 patients sleeping out in the halls of the various wards, many with their beds on the floor.

This state of things is to be deplored and should be avoided if possible. For with the utmost care and discretion in the selection of room-mates many chances of serious acts of violence and injury are taken.

We have at the close of this year the largest population in the history of the institution. \*

The two additional wards to the white female convalescent building, for erecting which the last legislature made appropriations, have been completed, and one of the wards is now occupied. The new wards, with the center building formerly occupied by the first assistant physician, will accommodate about 100 patients. This will relieve for perhaps about twelve months the great pressure of such white female patients as are recent, dangerous and might be benefited by hospital care and treatment. But the great tendency of many of the counties is to send harmless and incurable cases that simply need care, not treatment, some perhaps with the hope of their being benefited, but many, I fear, simply to get clear of the expense to their counties, and because they are a little troublesome to look after.

We also had the amusement hall in the white male convalescent building converted into an open ward, which accommodates forty patients. Still we have 117 applicants, 63 white and 54 colored, that we cannot receive for want of room.

It is very apparent that, unless some new provision is made for the care of the insane of the State, many recent cases which demand and should have prompt hospital treatment will drift into a condition in which no relief can be obtained, and become a burden to the State or their communities. Timely treatment in many cases might prevent such an unfortunate result.

The State has a vital interest in the prompt and early treatment of the insane. Experience teaches that it would

be a wise public policy to give the recent and curable cases prompt and early hospital treatment, for after twelve or fifteen months duration of insanity we would not be justified in the hope of recovery of many cases.

You will readily see that the number of applicants for admission is far in excess of our capacity to accommodate them. The great need of more accommodations has never been more evident and pressing than in the past year.

#### FINANCES.

By reference to the steward's report you will see that the per capita per diem is  $31\frac{9.5}{100}$  cents. The finances have been economically conducted and the interests of the institution properly guarded.

There remained at the close of the year a balance in favor of the treasurer of the institution of \$15,140.91. It will take this balance to carry us through the winter quarter, which is decidedly the heaviest quarter of the year, and to meet the expense of about one hundred more white female patients that have been and will be received during the year in the new wards just completed in the female convalescent building.

#### ASSISTANT STEWARD.

The report of the assistant steward gives a detailed statement of the products of the garden, dairy, etc. The showing is very satisfactory indeed. Besides furnishing our household with an abundant supply of fresh vegetables, it shows a clear profit to the institution of quite a large sum.

#### STOREKEEPER.

The storekeeper's report will give a detailed account of the operations of that department during the year.

## APOTHECARY.

The report of the apothecary will show what has been done in that department during the past year.

## ENGINEER.

The engineer's report will show the amount of work done in that department during the past year.

## MATRON.

The matron's report will give a full and complete account of the work and employment given to patients in that department during the year.

## LIBRARIAN.

You will see by the librarian's report that we are under renewed obligations to the editors of many newspapers, who have gratuitously sent their papers regularly to the asylum every week, also several daily papers, and many friends, who have sent books, periodicals, papers, etc., which continue to replenish our library. These friends have added much to the comfort, pleasure and welfare of the patients, for which we are profoundly grateful.

## RELIGIOUS SERVICES.

Religious services have been conducted regularly during the year, Sundays and Wednesdays, by our faithful chaplain, Rev. Thos. H. Gibson. These services have been a great blessing to many of the patients. Our chaplain has also buried the dead and visited the sick when advisable.

## CONCLUSION.

To the officers and employes I wish to express my sincere thanks for the faithful, cheerful, and valuable assistance rendered in the work of the past year.

To you, gentlemen of the Board of Trustees, I beg to express the obligations under which you have placed me by the interest you have shown at all times in my official success in the discharge of my duties, and the untiring efforts you have made to promote the usefulness of the asylum.

In entering upon the duties of another year we invoke the blessings and guidance of our Heavenly Father upon our efforts in the future.

Respectfully submitted,

T. O. POWELL,  
Superintendent, etc.

*Questions to be Answered by Parties Accompanying Patients  
to the Asylum :*

## REPORT OF STEWARD.

STATE LUNATIC ASYLUM,

MILLEDGEVILLE, Ga., October 2, 1893.

*Dr. T. O. Powell, Superintendent :*

DEAR SIR—I have the honor to transmit through you to our Board of Trustees this, my report, as steward, from October 1, 1892, to October 1, 1893.

Abstract "A" shows the balance brought forward from last fiscal year, the amount drawn from State treasury for the support and maintenance of the institution, together with a classified statement of disbursements; also the balance on hand to be carried forward to next year.

Abstract "B" shows in detail the expenditures on account of subsistence.

Abstract "C" shows the expenditures in detail on account of clothing.

Abstract "D" shows in detail the expenditures on account of fuel and transportation.

Abstract "E" shows salaries paid officers.

Abstract "F" shows wages paid employes.

Abstract "G" shows in detail the expenditures on account of incidentals.

Abstract "H" shows in detail the expenditures on account of medical supplies.

Abstract "I" shows in detail the expenditures on account of contingencies.

Abstract "J" shows in detail the expenditures on account of stationery and postage.

Exhibit "K" shows in detail the expenditures of the "special appropriation" for enlarging laundry.

Exhibit "L" shows in detail the expenditures of the "special appropriation" for erecting cottage for assistant physician.

Exhibit "M" shows in detail the expenditures of the "special appropriation" for fire walls.

Exhibit "N" shows in detail the expenditures of the "special appropriation" for adding to music hall, with a balance on hand of \$990.97 to be applied to payment of contract for heating, etc.

Exhibit "O" shows the requisitions drawn from the State treasury in their regular order.

Exhibit "P" shows the average number of patients, from 1873 to 1893, both included, together with the per capita cost per diem and per annum.

Exhibit "Q" shows the cost of maintaining one patient by the year, month, week, and day.

Our storekeeper, Mr. W. H. Hunter, reports stock on hand and paid for amounting to \$6,108.05.

Our apothecary, Dr. A. G. North, reports stock on hand and paid for amounting to \$743.80.

Our per capita is  $31\frac{9.5}{100}$  cents per diem.

By reference to accompanying report of assistant steward, Mr. G. W. Hollinshead, you will see results from garden, dairy, hogs, etc., all of which I think very satisfactory.

There has been quite a large amount of work done during the past year, which will appear in report of our engineer, Mr. W. H. DeSaussure.

There has also been expended amounts, small however, that have added much to the comfort of the patients on the wards.

Our balance may seem large, but taking into consideration that the coming quarter is always the heaviest, coupled with the fact that we have yet 1,500 tons of coal to purchase to carry us through the winter, the first of January,

1894, I apprehend, will find us with a small amount on hand.

With renewed expressions of gratitude on my part for confidence bestowed in me by the Board of Trustees and yourself, I am

Very respectfully,

L. J. LAMAR, Steward.

## ABSTRACT A.

Statement of Lucius J. Lamar, Steward Lunatic Asylum, showing balance brought forward from last fiscal year, and all money received, and a classified statement of disbursements from October 1, 1892, to October 1, 1893.

## ABSTRACT "G."

Showing in detail the Expenditures on Account of Incidental Expenses from October 1, 1892, to October 1, 1893.

Date.	To Whom Paid.	What For.	Amount.
1892.			
Nov. 5.	W. H. H. Barnes . . . . .	Lumber . . . . .	\$ 38 33
Nov. 5.	D. C. Shea . . . . .	Tinwork . . . . .	27 00
Nov. 5.	C. A. Hobbs . . . . .	Pipe . . . . .	9 00
Nov. 5.	O. P. & B. E. Willingham . . . . .	Lime . . . . .	11 00
Nov. 5.	H. C. Dunlap . . . . .	Hardware . . . . .	8 35
Nov. 5.	Enterprise Manufacturing Co. . . . .	Mesh Choppers . . . . .	27 00
Nov. 5.	C. A. Conklin & Co . . . . .	Tinware . . . . .	18 30
Nov. 5.	H. J. Lamar & Sons . . . . .	Brushes . . . . .	12 43
Nov. 5.	Macon Hardware Co . . . . .	Tinware . . . . .	31 42
Nov. 5.	W. T. Conn & Co . . . . .	Kerosene . . . . .	10 92
Nov. 5.	E. W. Dodge . . . . .	Rubber Stamp . . . . .	35
Nov. 5.	T. C. Burke . . . . .	Lime . . . . .	25 00
Nov. 5.	L. W. Loomis . . . . .	Tinware . . . . .	84 00
Nov. 5.	H. G. Babcock & Co . . . . .	Gas Forks . . . . .	4 33
Nov. 5.	Dunlap, H. Co . . . . .	Hardware . . . . .	12 20
Nov. 5.	Eastburn & Co . . . . .	Brooms . . . . .	39 50

MILLEDGEVILLE, GA., October 1, 1893.

*Dr. T. O. Powell, Superintendent State Lunatic Asylum :*

DEAR DOCTOR—I very respectfully submit this my annual report as Chaplain for the term ending to-day.

Religious services have been conducted very regularly during the year on Wednesday and Sunday afternoons.

We are under obligations to the following ministers who have preached for us during the year: Reverends J. D. Chapman, J. V. M. Morris, A. C. Thomas, A. D. Echols, Dr. W. H. Darnall, G. W. Yarborough, R. J. Bigham, Dr. Holderby, Atlanta, Ga.; Dr. Converse, Louisville, Ky., and Rev. W. F. Robinson, Grantville, Ga.

Mr. West, as organist, has been very regular in attendance, and has rendered valuable assistance in making these services interesting and profitable. She has also conducted song service for the inmates on Sabbath evenings.

We have answered all calls to visit the sick and bury the dead, and have kept a record of the interments in asylum cemetery. Respectfully submitted,

THOMAS H. GIBSON, Chaplain.

*To Dr. T. O. Powell, Superintendent, etc:*

DEAR SIR—I have the honor herewith to submit my report of Apothecary Department for the year commencing October 1, 1892, to October 1, 1893:

1893.	
To amount of drugs purchased from October 1, 1892, to October 1, 1893 . . . . .	\$2,702 20
Of this, sold officers and employes, which deductions from checks, were made and for which the Apothecary is entitled to credit . . . . .	165 30
Amount of drugs, etc., on hand, October 1, 1892	743 80
Surgical instruments on hand . . . . .	425 00
Number of prescriptions filled October 1, 1892, to October 1, 1893 . . . . .	13,758

Very respectfully,

A. G. NORTH, Apothecary.

## STATE LUNATIC ASYLUM, October 1, 1893.

*Dr. T. O. Powell, Superintendent, etc.:*

Permit me to submit the enclosed as my report for the year ending October 1, 1893.

I would add that all the repairing has been done for the institution, and all scraps and remnants have been put to a good use, and have been properly accounted for through the Storekeeper's office.

All of which is respectfully submitted.

MRS. I. M. DARNELL.

ANNUAL REPORT  
OF THE  
BOARD OF TRUSTEES  
OF THE  
LUNATIC ASYLUM OF GEORGIA,  
FOR THE FISCAL YEAR  
ENDING  
OCTOBER 1ST, 1894.

---

*To His Excellency, W. J. NORTHEN, Governor of Georgia :*

The Board of Trustees of the Lunatic Asylum of Georgia respectfully present this, its Annual Report for the fiscal year ending September 1st, 1894.

The fiscal year of this institution having been changed, by legislative enactment, from October 1st to September 1st, this report embraces a period of only eleven months, instead of twelve months, as heretofore.

During the period covered by this report your Board of Trustees have constantly and faithfully labored to so manage the affairs of the Asylum that its every department should be brought to the highest possible efficiency of service. To this end, your Board have given unremitting attention, by close personal supervision of the affairs of every department of the institution; and from this close, constant supervision are prepared to assert that the Lunatic Asylum has been managed with the strictest possi-

ble economy compatible with due regard to the welfare of the unfortunates committed to our care. As in the past, this Board has not, during the year just closed, endeavored to so manage the Asylum as to demonstrate at how small a cost the institution could possibly be maintained. While due regard has constantly been paid to economy, the proper care of the inmates has been our first consideration and effort.

#### MAINTENANCE.

October 1st, 1893, we had on hand a balance amounting to.....	\$ 15,140 91
Cash drawn from State Treasury to Sept. 1st, 1894 .....	183,333 26
	<hr/>
	\$198,474 17

This fund has been expended as follows:

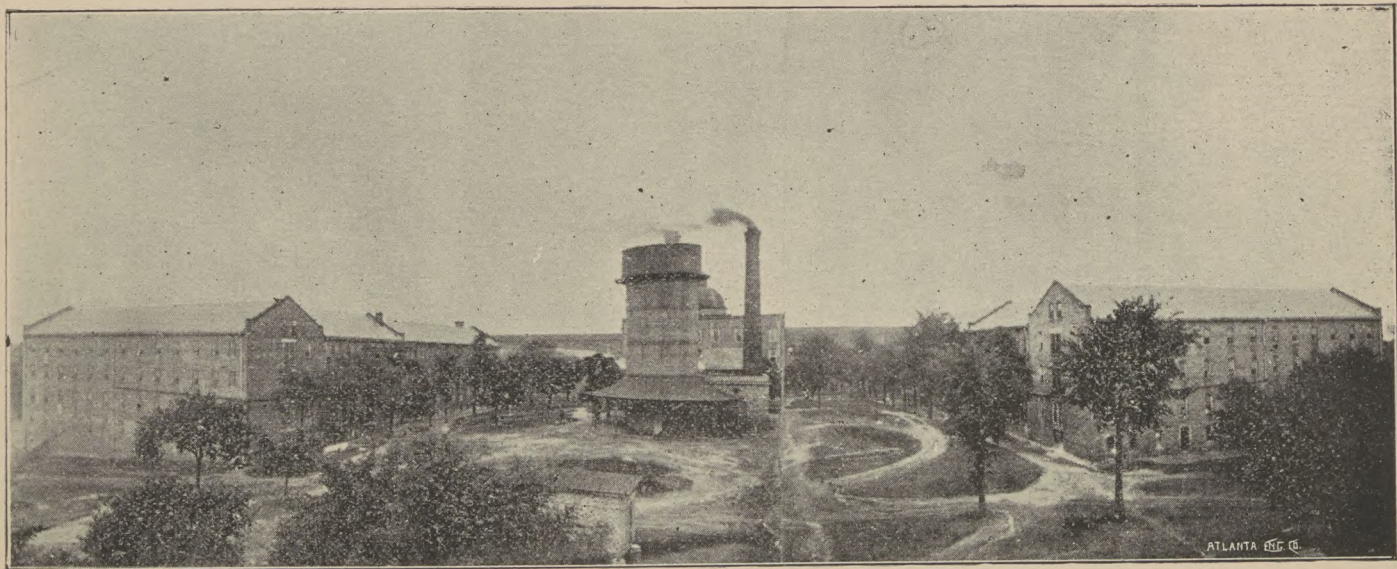

By subsistence.....	\$ 70,150 96
By clothing.....	17,462 28
By fuel and transportation.....	16,552 25
By salaries .....	17,233 15
By wages.....	42,662 50
By incidental expenses.....	17,130 82
By medical supplies.....	3,182 69
By contingencies.....	720 96
By stationery and postage.....	503 24
	<hr/>
	\$185,598 85

Leaving on hand \$12,875.32, which is deposited by our Treasurer in the Bank of Milledgeville, a State Depository, and the sworn statement of the Cashier of the Bank of Milledgeville, showing this indebtedness to the institution on September 1st, is in the hands of your Board of Trustees.

For an itemized statement as to expenditure of the appropriation, we refer you to the report of the Steward, in Abstracts A, B, C, D, E, F, G, H, I, J and K, which report of Steward Lamar is hereto appended as part of the Annual Report of your Board of Trustees.

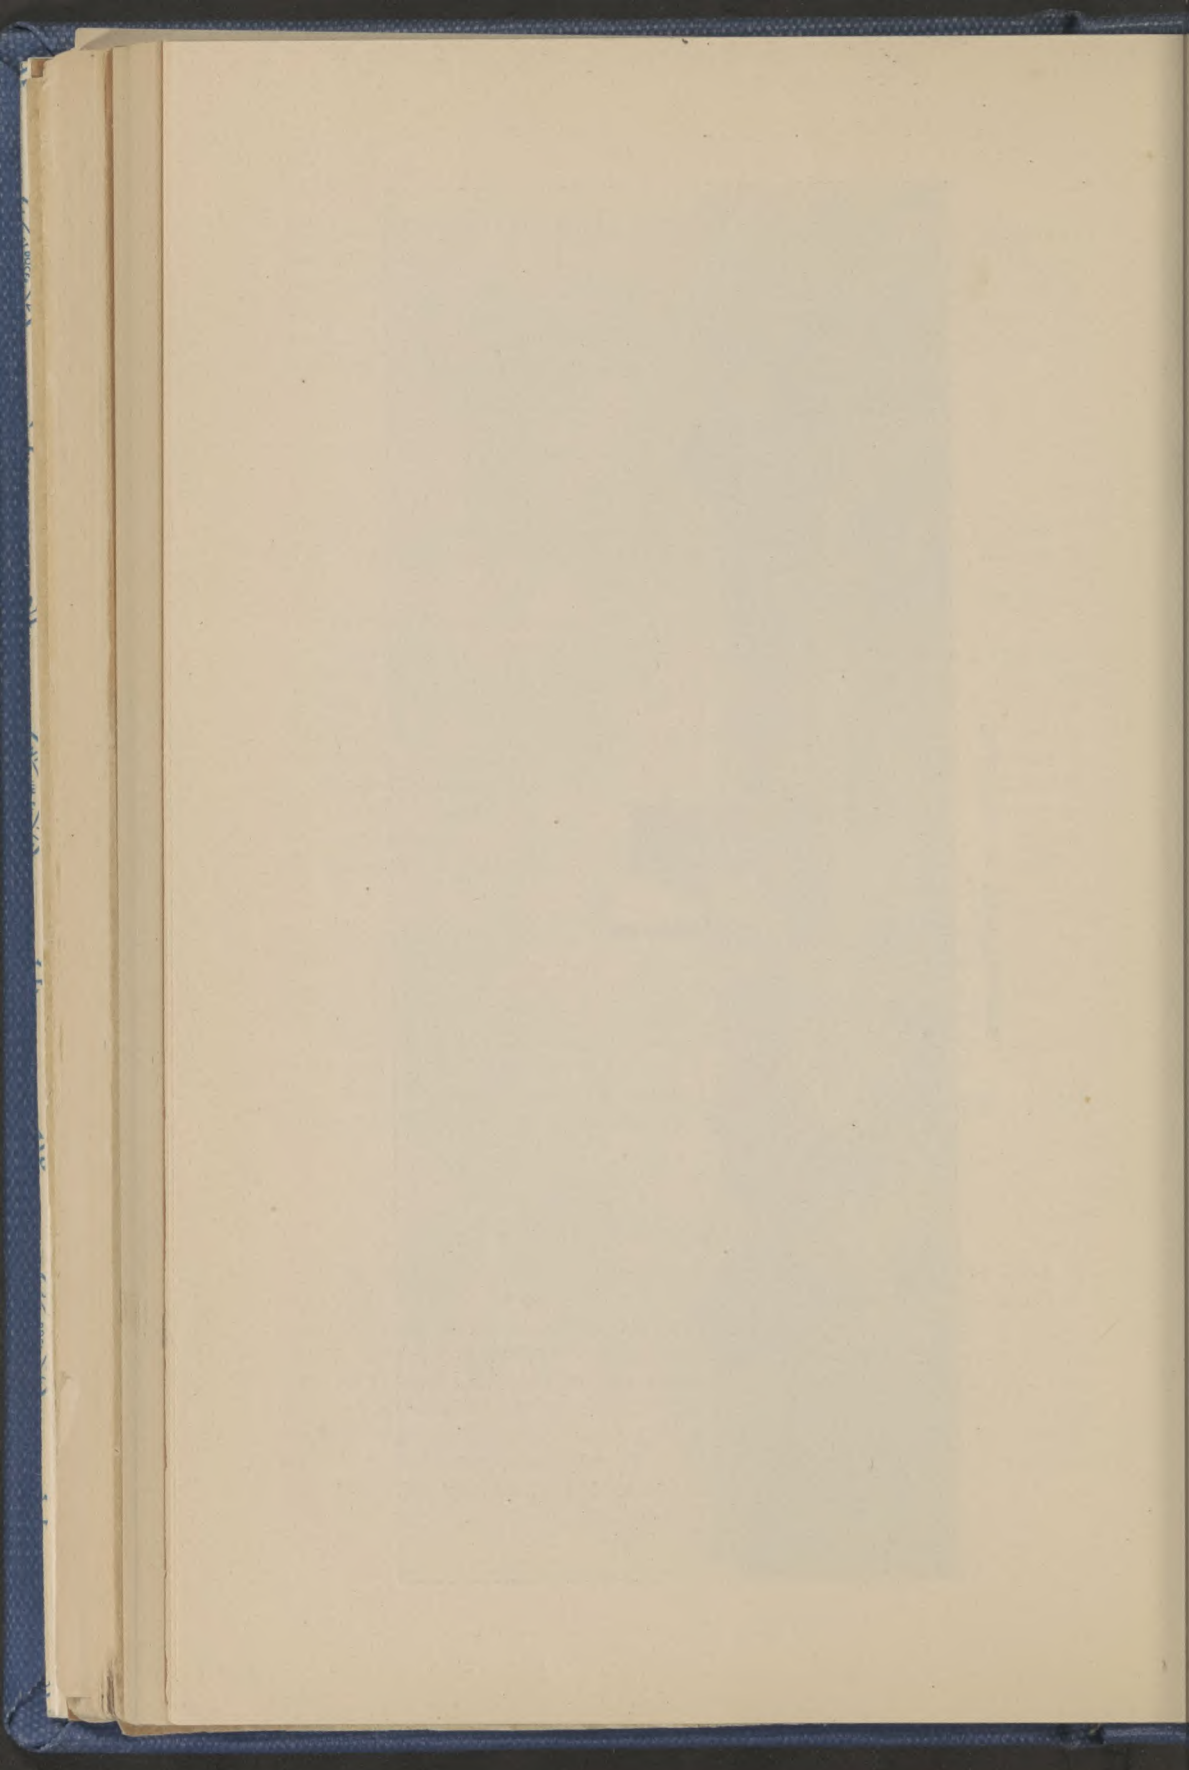

#### NUMBER OF PATIENTS.

The average number of patients, white and colored, in the Asylum during the fiscal (11 months) year just closed was 1,709. The cost per capita during the eleven months was \$108.60; per capita per diem 32 42-100 cents. The per capita cost for the full year of twelve months would, therefore, be \$118.33. The annual per capita cost during the fiscal year 1894 was \$1.71 in excess of that of 1893. This is readily accounted for by the increased expenditures for repairs to buildings, purchases of furniture, crockery, table-ware, matting, etc. These latter items, except repairs to buildings, were solely for increased comforts to patients.

REAR VIEW OF MAIN BUILDING.

ATLANTA 6511 C

# ENLARGEMENT OF ASYLUM.

In our last Annual Report your Board of Trustees made the following suggestions and requests for additional provisions for the insane :

## ADDITIONAL PROVISIONS FOR THE INSANE.

"The Board of Trustees beg to repeat what we have previously said in the last printed Annual Report upon the urgent, indispensable need of additional provision being made for the insane of the State, and we beg your careful perusal of this statement.

"During the past summer, July 27 last, this Board had the pleasure of meeting in conference the joint committee of the Legislature, appointed to look into the question of the necessity of providing additional accommodations for the insane of the State. After a full conference, and going over the grounds, the joint committees of the Legislature and the Board of Trustees of this institution agreed, by reason of its greater economy in maintenance, as well as greatly reduced first cost of construction, to enlarge the present building rather than locate a second institution in a distant part of the State, as originally recommended by the Board of Trustees.

"We deemed it probable that the first cost of construction of a new institution would reach \$500,000, whereas the enlargement last agreed upon would probably not exceed \$100,000. Then the cost of administration would be added to by the second complete staff of officers necessary for operating a different institution, which would probably amount to \$6,000 to \$10,000 annually.

"The Trustees of this institution agreed with the joint committee of the Legislature, that the Legislature should be asked for an appropriation of \$100,000, to be expended in constructing a new negro building at this place, and that the present negro building, which is a substantial and good structure, but inadequate to the accommodation of the negro patients, male and female, be used exclusively for white males, and that \$20,000 should be appropriated for putting this building in proper condition for the reception of the whites—it being the opinion of the Trustees of the Lunatic Asylum and of its Superintendent, Dr. Powell, that if this is done abundant provision will have been made for the proper care of all of the insane of the State for the next decade at least.

"The committee of the Trustees, at the request of the joint committee of the Legislature, instructed our Engineer to prepare plans, specifications and estimates for the new building proposed to be used for negroes. We beg herewith to submit these plans and estimates of Engineer DeSaussure, as requested by the joint committee on the Lunatic Asylum of Georgia.

The following are the

## ESTIMATES

"For proposed negro building. This estimate is for building on a level site. No estimate made for grading.

Main front.....	\$23,246 72
Six wings at \$11,890.27 (each wing without water closet annex)...	71,341 62
Two water closet wings at \$761.07 each.....	1,522 14

Dining hall.....	7,131 16
Kitchen, scullery and bake oven.....	1,954 96
Boiler room and brick smoke stack.....	2,868 55
	<hr/>
	\$108,047 15

## FIXTURES.

"Heating apparatus .....	\$14,724 41
Ventilating roof.....	1,120 00
Registers in rooms.....	1,123 20
Fitting up dining hall, sinks, etc., \$119.28; heating, \$466.36 .....	585 64
Water closet, bath tubs, soil pipe, hot water pipe from kitchen..	1,211 30
Cooking apparatus (boiler, steam water heater and kitchen goods proper).....	2,984 38
	<hr/>
	\$21,748 93
For Building.....	\$108,047 15
For Fixtures.....	21,748 93
	<hr/>
Grand total.....	\$129,796 08

T. H. DESAUSSURE,

*Engineer Georgia Lunatic Asylum.*

"By reference to the estimates of the Engineer, you will find that instead of the cost of the new building being \$100,000 it will reach \$129,796.08. This discrepancy between the original estimate and that of the Engineer is to be accounted for as follows: The original estimate was made without sufficient data being at hand during the limited time then at our command to make accurate calculations of the cost of the building in all of its details. We, therefore, amend our request as follows: That instead of \$100,000 being appropriated for the construction of the new building for negroes, the amount originally asked for be increased to \$130,000, provided so much be needed, and that \$20,000 additional be appropriated for putting the present negro building in proper condition for occupancy by white males.

"We beg to call the attention of your Excellency and of the Legislature to the fact that even should the appropriations now asked for be granted, that it will be about two years before the new building can be completed and fully operated. The Board of Trustees would respectfully suggest to to your Excellency that should the Legislature find it impossible to vote us the full amount asked for (\$150,000) in one year, that they vote us \$75,000 this year and \$75,000 next year. In this way it will not burden the State to pay for the building out of the income of one fiscal year, yet will enable us to go on with the construction of the building as soon as the appropriation is made. The Board of Trustees pledge your Excellency that should it be found possible to make these improvements at a less cost than the figures above specified, viz.: \$150,000, that every intelligent and honest effort will be directed to that end."

The Legislature voted us the sum of \$100,000 for enlargement, instead of \$150,000 asked by this Board. This action of the Legislature neccessi-

tated an entire change of plans on our part. The small appropriation, \$100,000 for enlargement, made it requisite to exercise extraordinary efforts and caution in order to secure the necessary enlargement within the sum named by the Legislature. Your Board therefore advertised for competitive plans from architects, as follows: 1 buiding for whites, accommodating 500 patients; 2 annexes to negro building, accommodating 270 patients, and dining rooms for 770 patients. The annexes to the negro building provides for more than 270 patients, for the reason that they contain dining rooms for the entire negro insane in the institution, thereby rendering it possible to convert the former ward dining rooms into sleeping apartments for patients. So that additional provision has really been made for about 370 negroes.

The magnitude of the buildings, and the limited appropriation, rendered it a slow work on the part of architects to formulate plans. Finally, a number of plans were submitted to your Board, and after spending three days examining them one set was adopted conditionally. The architect conditionally selected having failed to carry out his agreement with the Board, the conditional acceptance of his plans was annulled. This failure of the architect caused a loss of more than thirty days' time in our work. The Board then selected the plans of one firm of the former competing architects, and required of them a certified check guaranteeing that their plans would be built for \$100,000. Sealed bids were advertised for, as follows:

#### NOTICE TO CONTRACTORS.

The time for opening bids of contractors for building the additions to the Asylum at Milledgeville, Ga., has been postponed until noon, Wednesday, August 1st, 1894.

Plans and specifications can be seen at the office of the Superintendent of this Asylum, or at the office of Hon. G. A. Cabaniss, Atlanta, Ga.; Hon. W. A. Huff, Macon, Ga., and at the office of the architects, Messrs. McMurphy & Story, Augusta, Ga.

The successful bidder will be required to furnish bond in the sum of \$25,000 for the faithful performance of his contract. Each bidder will have to deposit a certified check for \$500 with his bid as a guarantee that he will enter into the contract should it be awarded to him.

The Board reserves the right to reject any and all bids.

All bids must be addressed to

HON. G. A. CABANISS,  
President Board of Trustees.

And mark on envelope "Bids for erection of Asylum Buildings."

On the 1st day of August the Board met to open bids, and award the contract.

The bids were as follows:

L. L. Stephenson & Co., Elberton, Ga.....	\$ 99,349 00
Bailey & Koener, Henderson, Ky .....	99,220 00
John McKenzie, Augusta, Ga .....	98,765 00
Nicholas Ittner, Atlanta, Ga.....	103,263 00
Chas. B. Allen, Augusta, Ga.....	99,375 00
T. O. Brown, Augusta, Ga .....	96,860 00
Milton Harding, Asheville, N. C.....	96,000 00
Holtzclaw Bros., Hampton, Va.....	99,298 00
J. A. Wagner, Reville & Co., Asheville, N. C.....	140,423 38

Mr. Harding's bid being the lowest, and he having failed to enclose the certified check guaranteeing to enter into a contract to construct the buildings should it be awarded him, the Board sent him the following telegram: "You failed to enclose check with your bid. If you want bid considered telegraph check (certified) for five hundred dollars at once."

Several hours afterwards the following answer was received: "I want contract; can give bond in this State; cannot send check to-day."

The Board then awarded the contract to Mr. T. O. Brown, of Augusta.

The following is a copy of the contract:

THIS AGREEMENT, made this 2d day of August, in the year one thousand eight hundred and ninety-four, by and between T. O. BROWN, CONTRACTOR, party of the first part, and the TRUSTEES OF GEORGIA LUNATIC ASYLUM, party of the second part,

WITNESSETH, That the Contractor, being the said party of the first part, in consideration of the covenants and agreements herein contained on the part of the Trustees, being the said party of the second part, do covenant, promise and agree with the said Trustees, in the manner following, that is to say:

1st. The Contractor shall and will well and sufficiently perform and finish, under the direction and to the satisfaction of T. H. DeSaussure, Supt. of Works, all the work included in the plans, drawings and specifications made by McMurphy & Story for the erection of the following public buildings at the Georgia State Lunatic Asylum, to-wit:

One building for Whites and two annexes for Colored patients, and a supplementary contract, to-wit:

A contract to furnish material for and erect such extra work as will bring foundations to a level with grade as made by Asylum Superintendent of Works; and,

It is further agreed by and between the parties of this contract:

1st. In the event the building is put up above ground on brick walls, then 20 cents a yard is estimated by the Contractor for the trenching for the steam heating pipes. And if said excavation is decreased by brick piers, provided and paid for in that part of this contract for which two thousand one hundred and forty-five dollars (\$2,145) is to be paid for extra brick work, said Contractor agrees to deduct from his contract all that is saved to him by use of said piers at above price.

Said Contractor agrees that all brick shall be machine made.

Said Contractor agrees that the hard brick in the foundation walls and outside walls shall be equal to the best hard brick that can be made on the Asylum grounds.

It is further agreed that said Contractor, if any changes requiring less work than shown on the plans, shall deduct it from the contract price.

Said Contractor further agrees that he has fully and freely conferred with T. H. DeSaussure, the Superintendent named in this contract, about the plans and specifications which are made a part of this contract, and that he understands the same thoroughly, and from said understanding declares that there are no grounds far, nor will he ask for any concessions on the grounds of accidents or mistakes.

It is further agreed by said Contractor that whenever the specifications provide for sand and mortar, in the event that said Trustees shall elect to change said plastering to aluminite, then five (5) cents a square yard shall be charged for all such additional aluminite, to be added to the contract price of the building, provided said change shall be made before the lime is bought.

Said Contractor further agrees that in the event said Trustees shall elect to move the annexes to the negro building, or in any way decrease the cost to said Contractor, he will allow said decrease to be deducted from the price paid for the buildings under his contract; provided they are small changes that do not alter the original plans materially.

All use of aluminite as a substitute for lime and mortar as provided in plans and specifications shall only be subjected to an additional charge of five (5) cents per square yard.

It is agreed by said Trustees to furnish to said Contractor, free of charge, such ground as may belong to the Asylum for the digging of clay for brick, and the privilege of water free of charge; provided the Contractor shall provide, at his own expense, transportation for earth and bricks, and such conduits as he may see fit for water. This applies only to water for the erection of main building and annexes.

All of which shall be agreeable to the drawings and specifications made by the said McMurphy & Story, and signed by the parties hereto (copies of which have been delivered to the Contractor), and to the explanations and dimensions thereon, therein and herein contained, according to the true intent and meaning of said drawings and specifications, and of these presents, including all labor and materials incident thereto, and shall provide all scaffolding, implements and cartage necessary for the due performance of said work.

2nd. Should it appear that the work hereby intended to be done, or any of the matters relative thereto, are not sufficiently detailed or explained on said drawings, or in the said specifications, the Contractor shall apply to the Superintendent for such further drawings or explanations as may be necessary, and shall conform to the same as a part of this contract, so far as they may be consistent with the original drawings, and in the event of any doubt or question arising respecting the true meaning of the drawings or specifications, reference shall be made to the Superintendent, who is allowed to interpret them; but, if any disagreement arises between him and the Contractor, the question is to be referred to the Trustees, whose decision shall be final and conclusive.

3rd. Should any alterations be required in the work shown or described by the drawings or specifications, a fair and reasonable valuation of the work added or omitted shall be made by the Superintendent, and the sum herein agreed to be paid for the work, according to the original specification shall be increased or diminished, as the case may be. In case such valuation is not agreed to, the Contractor shall proceed with the alterations upon the written order of the Superintendent, and the valuation of the work added or omitted shall be referred to three (3) arbitrators (no one of whom shall have been personally connected with the work to which these

presents refer), to be appointed as follows: One by each of the parties to this contract, and the third by the two thus chosen; the decision of any two of whom shall be final and binding, and each of the parties hereto shall pay one-half the expense of such reference.

4th. The Contractor shall permit the Superintendent, and all persons appointed by the Superintendent, to visit and inspect the said work, or any part thereof, at all times and places during the progress of the same, and shall provide sufficient, safe and proper facilities for such inspection.

5th. The Contractor shall and will proceed with said work, and every part in detail thereof, in a prompt and diligent manner, and shall and will wholly finish the said work, according to the said drawings and specifications and this contract, on or before the 1st day of October, one thousand eight hundred and ninety-five, (Provided, that all time of the Contractor that is lost by delay on account of not having grading ready by the Superintendent of Works, shall not be charged against him); and in default thereof, the Contractor shall pay to the Trustees ten (10) dollars for every day thereafter that the said work shall remain unfinished, as and for liquidated damages.

6th. Should the Contractor be obstructed or delayed in the prosecution or completion of the work by any alteration which may be required in the said work; or by any damage which may happen thereto by fire, or by the unusual action of the elements, or otherwise; or by the abandonment of the work by the employees through no fault of the Contractor, then there shall be an allowance of additional time beyond the date set for the completion of said work; but no such allowance shall be made unless a claim is presented in writing at the time of said obstruction or delay.

The Superintendent shall award and certify the amount of additional time to be allowed; in which case the Contractor shall be released from the payment of the stipulated damages for the additional time so certified, and no more.

The Contractor may appeal from such award to arbitrators, constituted as provided in article 3 of this contract.

7th. The Contractor shall make no claims for additional work, unless the same shall be done in pursuance of an order from the Superintendent, and notice of all claims shall be made to the Superintendent in writing within ten days of the beginning of such work.

8th. The Trustees shall effect insurance on said work, in their own name and in the name of the Contractor, against loss or damage by fire, in such sums as may from time to time be agreed upon with the Contractor; the policies be made to cover work incorporated in the building and materials for the same in or about the premises, and made payable to the parties hereto, as their interests may appear.

9th. Should the Contractor at any time refuse or neglect to supply a sufficiency of properly skilled workmen, or of materials of proper quality, or fail in any respect to prosecute the work with promptness and diligence, or fail in the performance of any of the agreements on his part herein contained, such refusal, neglect or failure being certified by the Superintendent, the Trustees shall be at liberty, after three days written notice to the

Contractor, to provide any such labor or materials, and to deduct the cost thereof from any money then due, or thereafter to become due, to the Contractor under this contract; and if the Superintendent shall certify that such refusal, neglect or failure is sufficient grounds for such action, the Trustees shall also be at liberty to terminate the employment of the Contractor for the said work, and to enter upon the premises and take possession of all the materials thereon, and to employ any other person or persons to finish the work, and provide the materials therefor; and in case of such discontinuance of the employment of the Contractor he shall not be entitled to receive any further payment under this contract until the said work shall be wholly finished, at which time, if the unpaid balance of the amount to be paid under this contract shall exceed the expense incurred by the Trustees, said balance shall be paid to the Contractor; but if such expense shall exceed such unpaid balance, the Contractor shall pay the difference to the Trustees. The expense incurred by the Trustees as herein provided, either for furnishing materials or for finishing the work, and any damage incurred through such default, shall be audited and certified by the Superintendent, whose certificate thereof shall be conclusive upon the parties.

10th. And it is hereby mutually agreed between the parties hereto, that the sum to be paid by the Trustees to the Contractor for said work and materials shall be ninety-four thousand seven hundred and fifteen dollars (\$94,715.00) for main building and two annexes, and the sum of two thousand and one hundred and forty-five dollars (\$2,145.00) for a contract to furnish materials for and erect such extra work as will bring foundations to a level with grade, as made by Superintendent of Works, subject to additions or deductions on account of alterations, as hereinbefore provided, and that such sum shall be paid in current funds by the Trustees to the Contractor in instalments, as follows:

On the 20th day of each month the Superintendent shall make an estimate of the work done and material on the ground accepted by him, and shall certify the same to the Trustees, who shall on that day pay said sums, after deducting therefrom 25 per cent. reserve for final settlement.

It being understood that the final payment shall be made within thirty (30) days after this contract is completely finished; provided, that in each of the said cases the Superintendent shall certify in writing that all the work, upon the performance of which the payment is to become due, has been done to his satisfaction; and provided further, that before such payment, if required, the Contractor shall give the Superintendent good and sufficient evidence that the premises are free from all liens and claims chargeable to said Contractor; and further, that if at any time there shall be any liens or claim for which, if established, the Trustees or the said premises might be made liable, and which would be chargeable to said Contractor, the Trustees shall have the right to retain, out of any payment then due or thereafter to become due, an amount sufficient to completely indemnify them against such lien or claim, until the same shall be effectually satisfied, discharged or cancelled. And should there prove to be any such claims after all payments are made, the Contractor shall refund to the Trustees all moneys that the latter may be compelled to pay in discharging

any liens on said premises, made obligatory in consequence of the former's default.

11th. It is further mutually agreed between the parties hereto, that no certificate given or payment made under this contract, except the final certificate or final payment, shall be conclusive evidence of the performance of this contract, either wholly or in part, against any claim of the Trustees, and no payment shall be construed to be an acceptance of any defect in the work.

12th. And the said Trustees hereby promise and agree with the said Contractor to employ, and do hereby employ him to provide the materials and to do the said work according to the terms and conditions herein contained and referred to, for the price aforesaid, and hereby contract to pay the same at the time, in the manner, and upon the conditions above set forth, and parties of the second part and their successors in office.

13th. And the said party of the first part, or himself, his heirs, administrators, executors, do hereby agree to the full performance of the covenants herein contained.

IN WITNESS WHEREOF, the parties to these presents have hereunto set their hands and seals the day and the year first above written.

Signed in duplicate.

WALTER T. MCARTHUR,

EUGENE FOSTER,

} *Trustees Georgia Lunatic Asylum.*

An examination of the plans and contract shows that the cost of the buildings now being erected is vastly less according to capacity than any similar building ever erected on the Asylum grounds.

The total capacity of the buildings for whites and colored is 770 patients, together with sun rooms, dining rooms, kitchen, steam heating apparatus, including boilers, kitchen furniture, gas pipes, bath rooms and water closets in the building for whites, and steam heating, sun rooms and dining rooms in the negro building. The per capita cost of these buildings was only \$150.00. The other brick buildings cost the State per capita from two to four times as much per capita as the buildings contracted for by this Board.

By the contract it will be seen that the buildings are to be completed by October 1st, 1895.

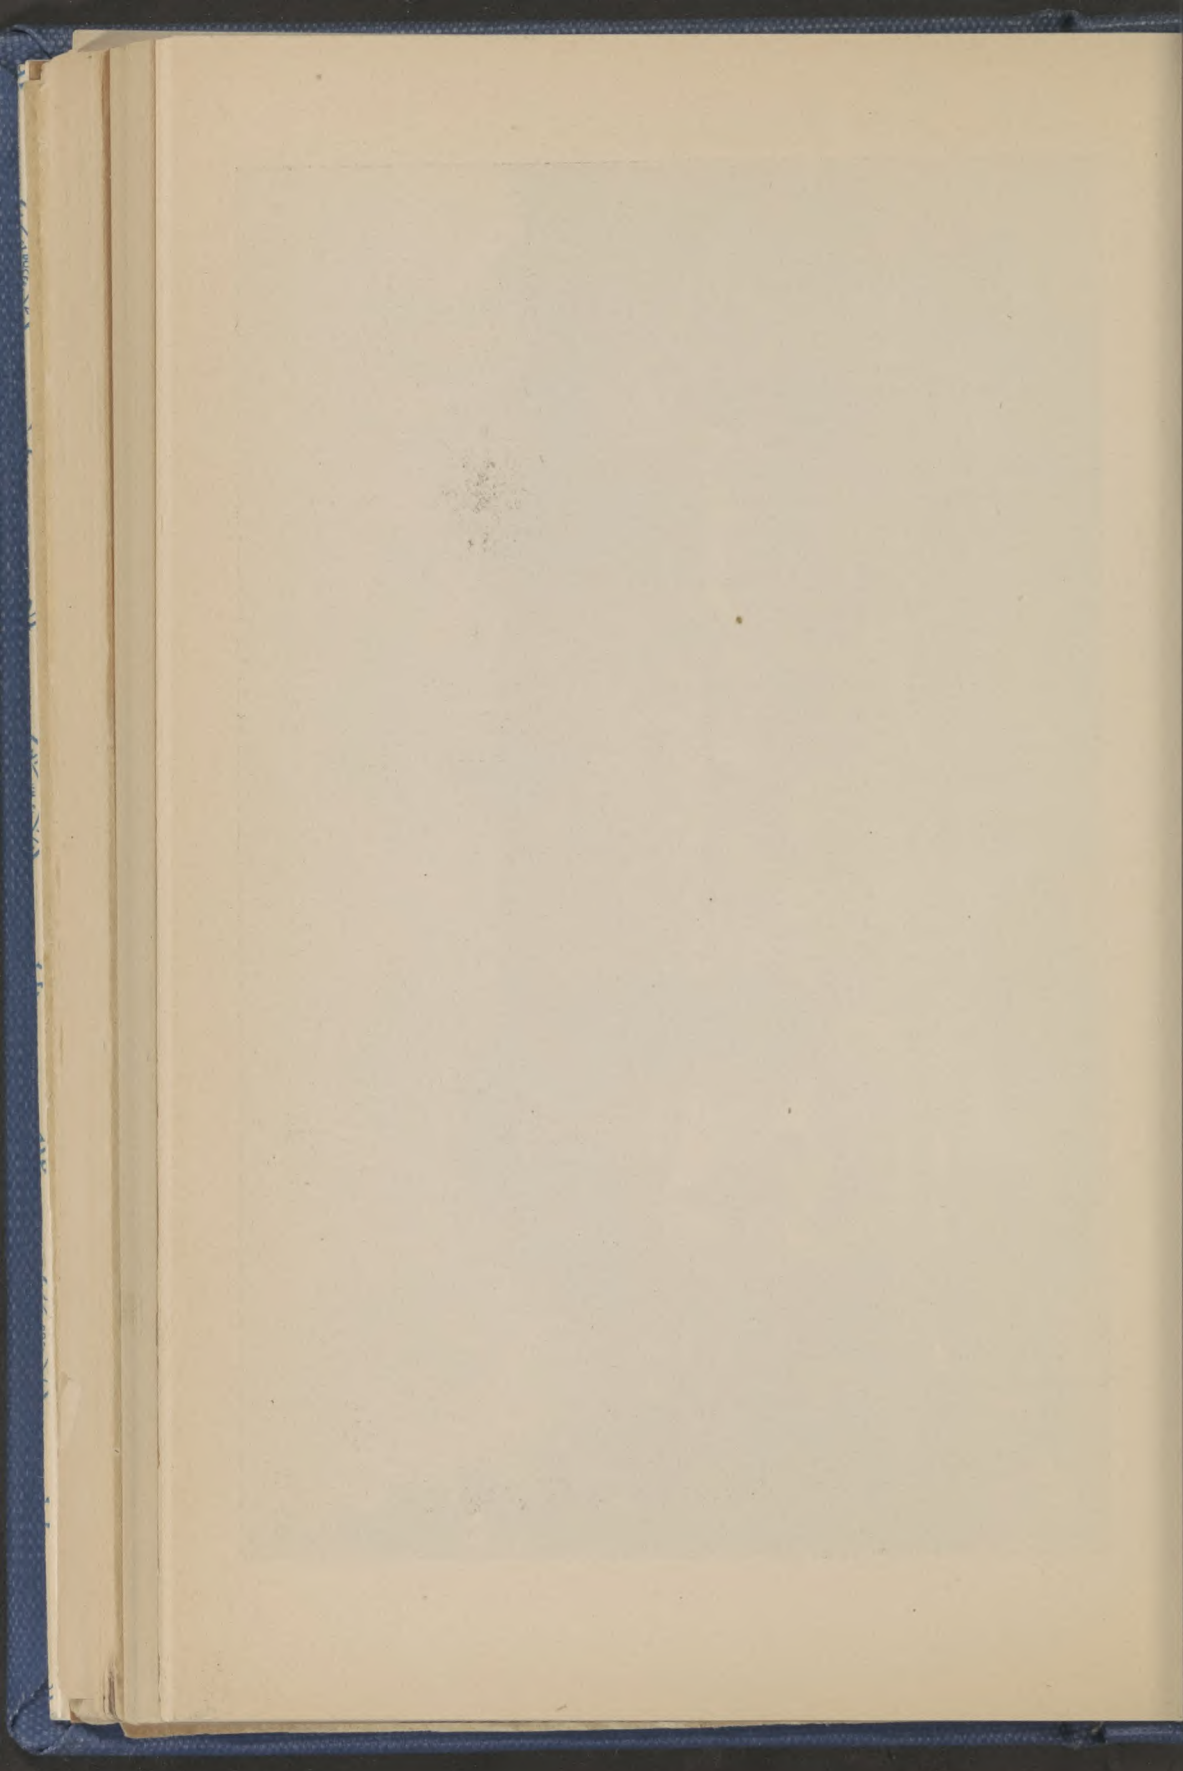

Grading of site for annexes to negro building is nearly completed, and and the work of construction will be commenced at an early day. We hope to have the annexes to the Negro Asylum completed by April, 1895. The grading for building for whites will be begun in a few days and completed as soon as possible. Grading is done by the Asylum—the contracts call for a level site for each building. This will be done largely by patients and the regular employees of the institution.

Copies of plans, specifications and details are herewith presented.

---

SUPPORT AND MAINTENANCE.

Your Board of Trustees endorse the suggestion of the Superintendent and Steward asking an appropriation of \$210,000 for the year 1895, and \$240,000 for 1896.

Accommodations will have been provided for 270 additional patients not later, we hope, than April, 1895. This will necessitate an increased appropriation for 1895 over that of 1894.

Before the session of the Legislature in 1895 the building for whites will have been completed, and, as there are already 170 applications for admission into the institution on file in the Superintendent's office, the necessity for the increased appropriation is fully demonstrated.

Superintendent Powell estimates that in 1896 the increase of patients over the present number will reach 300 in number.

The new buildings will be supplied with furniture, crockery, bedding, etc., out of the ordinary Support and Maintenance Fund, as has been the custom when previous enlargements of the institution were made.

The beds and bedding are made in the institution. We have already on hand 150 new bedsteads, in anticipation of enlargement.

---

EXPENDITURE OF SPECIAL APPROPRIATIONS.

Treasurer Carr's statement shows that at the end of the fiscal year, October 1st, 1893, there was on hand a balance amounting to \$990 97 from the appropriation for additions to the Female Convalescent Building. The report also shows that in November and December, 1893, this balance was wholly exhausted and the account closed.

The Treasurer's Report also shows that \$5,000 of the \$100,000 appropriation has been drawn from the State Treasury by him.

Of this sum \$2,600 was paid to the architects for plans, specifications and detail drawings for the new buildings.

---

GARDENS, DAIRY AND HOG RAISING.

The report of the Assistant Steward shows in detail the expenditures and income of the institution for these several industries—showing a net profit to the Asylum amounting to \$5,982.40.

---

DEPARTMENTS.

The report of Superintendent Powell furnishes much valuable detailed information on the condition and management of the Asylum. The reports of Superintendent Powell, the Treasurer, the Steward, the Assistant Steward, Engineer, Matron, Storekeeper and Apothecary show in detail the conduct of the affairs of the several departments of the institution.

Your Board of Trustees refer with pleasure to the fact that the Asylum is blessed with a corps of officers of ability and integrity such as is rarely equalled in any one public institution. The reports of these several officers are adopted as a part of the Annual Report of the Board of Trustees, and incorporated in this report of the Board of Trustees as a part of its report for the fiscal year ending September 1st, 1894.

---

#### REQUEST FOR SPECIAL APPROPRIATION FOR PUMPING APPARATUS.

Your Board of Trustees would recall the fact that we have no duplicate water works outfit. The apparatus has been running daily for more than ten years, and it has, therefore, materially deteriorated during this long use. The estimated cost of new pump, boilers and pump house is \$4,870.00, and we ask a special appropriation for this purpose. A duplicate water works pump is indispensable, inasmuch as we would be utterly without fire protection should the old apparatus break down, which it is likely to do at any time. A new pumping apparatus is necessary for the additional reason that the present one will not supply a sufficient quantity of water for the increased number of inmates which we will be necessitated to provide for when the new buildings shall have been completed. The Engineer estimates that, with a modern pumping outfit, from 30 to 35 per cent. of fuel can be saved from the amount required to run the old apparatus now in use.

Respectfully submitted in behalf of the Board of Trustees,

GEORGE A. CABANISS,

EUGENE FOSTER,

*Secretary Board of Trustees.*

*President Board of Trustees*

*Georgia Lunatic Asylum.*

# Report of Superintendent Powell.

STATE LUNATIC ASYLUM,  
MILLEDGEVILLE, GA., September 1, 1894.)

*To the Honorable Board of Trustees, Georgia State Lunatic Asylum:*

GENTLEMEN—In obedience to the requirements of the law I herewith respectfully submit this, my Annual Report for eleven months, extending from October 1, 1893, to September 1, 1894, together with reports of Steward, Treasurer and other officers, giving a detailed account of the conduct, management and condition of all of its departments, embracing the amount of each kind of provision, drugs, clothing, bedding, etc., of whom purchased, price paid and aggregate cost, which I hope will furnish all the information in detail that may be necessary or desired as to the operation of the institution for the past eleven months.

This report is made for eleven months to conform to the requirements of an Act of the last Legislature changing the fiscal year of the institution from October 1st, to September 1st, so as to get the reports in the hands of His Excellency, the Governor, at least ten days before the meeting of the General Assembly.

On the 1st of October, 1893, there were white patients on hand, 1,146, and colored 530, making a total of 1,676. There have been received since, or during the past eleven months, 255 whites and 116 colored, making a total reception of 371.

There have been discharged, removed, eloped and died during the year 304, leaving on hand, September 1st, 1,743, of whom 36 whites and 9 colored are on furlough.

The average number of patients under treatment during the year was 1,709, while the total number receiving treatment was 2,047. It will be seen that the average number under treatment this year was 86 more than last year. We have 79 more patients on hand than at the close of last year.

The following tables will give in detail the movement of both white and colored population:

## STATEMENT

In relation to the number of white patients during the past eleven months, or from October 1, 1893, to September 1, 1894:

There remained on hand October 1, 1893.....	1,146
White male lunatics.....	457
White male epileptics.....	67
White male idiots.....	19—543

White female lunatics.....	525	
White female epileptics .....	52	
White female idiots.....	36—603—1,146	
There have been received during the year:		
White males.....	113	
White females .....	142—	255

Total number of whites under treatment .....1,401

Of whom there have been—

Discharged restored .....	99	
Discharged harmless, incurable.....	2	
Discharged improved.....	5—106	
Removed improved.....	4	
There have died, Males .....	43	
Females .....	44— 91— 197	

Leaving on hand September 1, 1894.....1,204

The number of discharges since the close of the fiscal year, September 1, 1894, up to September 19th, 1894, is 16.

#### CLASSIFICATION OF THE WHITES.

White male lunatics .....	476	
White male epileptics.....	61	
White male idiots.....	22—559	
White female lunatics.....	566	
White female epileptics .....	53	
White female idiots .....	26— 645—1,204	

Of the males, there died from exhausted mania, 8; softening of brain, 1; epilepsy, 10; apoplexy, 5; influenza, 2; tuberculosis, 1; dropsy, 2; unknown, 1; heart disease, 3; jaundice, 1; syphilis, 1; rheumatism, 1; paralysis, 3; diarrhoea, 3; dysentery, 1. Total 43.

Of the females, from exhausted mania, 14; epilepsy, 5; consumption, 11; apoplexy, 1; influenza, 1; marasmus, 4; old age, 3; paralysis, 2; heart disease, 3. Total, 44.

#### STATEMENT

In relation to the number of colored patients during the past eleven months, or from October 1, 1893, to September 1, 1894:

There remained on hand October 1, 1893.....	530	
Colored male lunatics.....	212	
Colored male epileptics.....	32	
Colored male idiots .....	2—246	
Colored female lunatics .....	277	
Colored female epileptics .....	15	
Colored female idiots.....	2—284— 530	

There have been received during the year:

Colored males.....	66	
Colored females.....	50—	116

Total number of colored under treatment..... 646

Of whom there have been :

Discharged restored.....	28	
Discharged improved.....	2	
Discharged eloped.....	1	
Discharged pregnant.....	1—	32
There have died, Males.....	41	
Females.....	34—	75— 107

Leaving on hand September 1, 1894..... 539

CLASSIFICATION OF THE COLORED.

Colored male lunatics.....	210	
Colored male epileptics.....	39	
Colored male idiots.....	6—	255
Colored female lunatics.....	268	
Colored female epileptics.....	13	
Colored female idiots.....	3—	284— 539

Of the males, there died from old age, 4; apoplexy, 2; epilepsy, 12; softening of brain, 1; diarrhœa, 1; marasmus, 7; consumption, 2; exhausted mania, 4; paralysis, 2; heart disease, 2; dropsy, 2. Total, 39

Of the females, from old age, 6; paralysis, 4; dropsy, 3; consumption, 8; epilepsy, 3; marasmus, 7; apoplexy, 1; heart disease, 1; exhausted mania, 1. Total, 34.

### HEALTH.

The health of the institution for the past eleven months has been very good when we consider that there was under care and treatment during this period 2,047, and the very feeble and almost dying condition of many at the time of their admission into the institution; also the crowded condition of the Asylum in its every department. I am profoundly grateful that I can report that, with the large number of suicidal and homicidal cases on hand, we have been entirely exempt from any suicide or serious accident of any kind, and also epidemic disease.

### RECOVERIES.

The results for the past eleven months are gratifying in many respects. The rate of recoveries, which is 34½ %, is based on the admissions during the past eleven months. Considering the number of acute cases received during this period we have much to be thankful for. The receptions every year furnish a number of acute and curable cases, and it is to this class alone that we would be justified in looking to, or expecting, full and complete recoveries; hence, it is customary to estimate the recovery rate on the number of patients received during the year.

### EMPLOYMENTS AND AMUSEMENTS.

The usual entertainments and amusements have been kept up weekly during the year, when circumstances would admit of it, with the usual amount of good results. Quite a large per cent. have been employed in various ways about the institution, but not so much for the sake of economy as for the good effect of diversion by pleasant employment of the patient

both mentally and physically. All those whose condition would justify it should have an opportunity of employment. Of course the former tastes and habits of the patient must be considered. Employment under such circumstances have a remedial value.

---

### IMPROVEMENTS.

A large amount of work in the way of repairing has been done on both the interior and exterior of the institution, such as re-flooring, painting and making the various wards more comfortable and homelike. While there have been many improvements made on the grounds, there is yet much to be done, and while we can and do accomplish much by the labor of some of our patients where skilled labor is not required, the progress of the work done by the patients must necessarily be slow, as no one is forced to work, and it is done simply by encouragement, and more especially for the mental and physical improvement of the patients.

Your honorable body being thoroughly familiar with all of the improvements in the various departments of the institution, it is not necessary for me to go into details, as the engineer's report will give a detailed account of it.

---

### OVERCROWDED.

The crowded condition of the institution has to a large extent destroyed the original aim and object of the male and female convalescent buildings, which was to provide better facilities for the care, treatment and recovery of the most hopeful cases. Such treatment cannot be obtained in a very crowded hospital. Every recoverable case should have the very best facilities for improvement and cure. The most valuable results will be found in proper classifications and surroundings. Crowding interferes with proper classification, and militates against the physical and mental improvement and cure. It is frequently productive of much mental and muscular excitement, which is very hurtful not only to the individual so excited but to others, and its tendency is to acts of violence.

---

### FINANCES.

It will be seen by reports of the Steward and the Treasurer that the finances of the institution have been economically conducted, and the material wants of the patients have been well provided for. The per capita per diem for the past eleven months has been  $.32\frac{42}{100}$ . This per capita covers all the expenses of provisions, clothing, bedding, medicine, night and day attendants, employes, and all subordinate officers, and also keeping up the repairs on this large property, which is necessarily very heavy. Insanity means destruction, and prompt repairs in an asylum for the insane means economy. From the above facts it will be seen that the finances of the institution have been managed with the strictest economy

considering the welfare of the patients and the institution. Dr. Stone, Superintendent of the Western Kentucky Lunatic Asylum, says: "The average maintenance fund for American asylums is above \$165.00 per capita."

---

#### ESTIMATED AMOUNT FOR SUPPORT AND MAINTENANCE FOR 1895 AND 1896.

You will see by reference to the report of the Steward that the estimated amount for support and maintenance for 1895 is \$210,000, and for 1896 \$240,000. These estimates are based on an increase of 300 patients in the next two years. We now have on the book of applications 171 applicants awaiting admission. The annexes to negro building will probably be completed by April next, and the building for whites by October 1st, 1895; and I think it is more than probable that the increase will be over 300. Hence, I regard the estimate of the Steward as low.

---

#### ASSISTANT STEWARD.

The report of the Assistant Steward gives a full and complete statement as to the results of the garden, dairy and amount of pork raised during the past eleven months. The showing is very satisfactory indeed. The profits in favor of these departments over all expenses is \$5,982.40.

---

#### STOREKEEPER.

The Storekeeper's report will give an itemized statement of the conduct and management of that department for the past eleven months.

---

#### ENGINEER.

By reference to the report of the Engineer you will see a large amount of work done in this department during the past eleven months.

---

#### MATRON.

The report of the Matron will give a detailed account of the work done in this department during the past eleven months, and it should be remembered that nearly all of this work has been done by female patients and attendants.

---

LIBRARIAN.

The report of the Librarian will show the number of papers, books, and periodicals contributed during the past eleven months for the welfare and enjoyment of the patients, without any compensation. Many of our patients still take an interest in what is occurring in the outside world. Books, papers and periodicals are always gratefully received. God bless every one who has so kindly and generously contributed in any way to the welfare and comfort of our afflicted charge.

---

## RELIGIOUS SERVICES.

Religious services have been conducted twice a week regularly, when the weather would permit, by our beloved Chaplain, Rev. J. M. White, who has looked carefully after the spiritual welfare of our people. The attendance on these services is usually large, and the conduct good. The Chaplain has also buried the dead and visited the sick when advisable.

---

## CONCLUSION.

I am under obligations to the officers for the faithful and efficient manner in which they have discharged the duties of their respective departments. The attendants and employes, with but very few exceptions, have been very faithful in the discharge of their duties, for which I sincerely thank them.

To you, gentlemen of the Board of Trustees, I am under great obligations for your intelligent support and encouragement in the discharge of my official duties. Trusting in the guidance of a wise and merciful providence we begin the duties of another year.

Respectfully submitted,

T. O. POWELL,  
*Superintendent, etc.*

## Appendix.

---

### QUESTIONS TO BE ANSWERED BY PARTIES ACCOMPANYING PATIENTS TO THE ASYLUM.

1. Name?
2. Where from?
3. Nativity?
4. Age?
5. Married, single or widowed? (If female, state whether she has ever borne children, their number and date of last birth.)
6. Occupation?
7. Religious belief?
8. When did the first symptoms of insanity appear, and how were they manifested?
9. Have any of the patient's relations been insane or had consumption?
10. What is the cause of this or previous attacks?
11. Number, duration and character of previous attacks, if any?
12. Was the patient ever suicidal, and in what manner; or had a homicidal propensity, or a disposition to be violent, destructive or filthy?
13. Is there any physical disease or derangement?
14. Is the patient addicted to the excessive use of tobacco, spirituous liquors or opium?
15. Has the patient ever received an injury to the head?
16. Does the patient eat and sleep satisfactorily?
17. Is the patient disposed to do mischief with fire?
18. What treatment or confinement has been employed?
19. Give the name of the person or parties to be addressed in his or her case?

## Report of Steward.

STATE LUNATIC ASYLUM,  
MILLEDGEVILLE, GA., September 1st, 1894. }

DR. T. O. POWELL, *Superintendent* :

DEAR SIR—I have the honor to transmit, through you, to our Board of Trustees this, my report as Steward from October 1st, 1893, to September 1st, 1894:

Abstract "A" shows the balance brought forward from last fiscal year, the amount drawn from the State Treasurer for the support and maintenance of the institution, together with a classified statement of disbursements; also the balance on hand to be carried forward to the next year.

Abstract "B" shows the expenditures in detail on account of subsistence.

Abstract "C" shows the expenditures in detail on account of clothing.

Abstract "D" shows the expenditures in detail on account of fuel and transportation.

Abstract "E" shows salaries paid to officers.

Abstract "F" shows wages paid to employees.

Abstract "G" shows the expenditures in detail on account of incidental expenses.

Abstract "H" shows the expenditures in detail on account of medical supplies.

Abstract "I" shows the expenditures in detail on account of contingencies.

Abstract "J" shows the expenditures in detail on account of stationery and postage.

Abstract "K" shows the expenditures in detail of the balance of special appropriation for adding to Amusement Hall at the Convalescent Female Building.

Abstract "L" shows the requisitions drawn from the State Treasury, in their regular order.

Abstract "M" shows the average number of patients from 1873 to 1894, both included, together with the per capita cost per diem and per annum.

Abstract "N" shows the cost of maintaining one patient by the year, month, week and day.

Abstract "O" shows the expenditures of a part of the special appropriation for erecting new buildings, and the unexpended balance on hand.

Our Storekeeper, Mr. W. H. Hunter, reports stock on hand and paid for amounting to \$3,460.63.

Our Apothecary, Dr. A. G. North, reports stock on hand and paid for amounting to \$756.30.

Our per capita is 32.42-100 cents.

By reference to the report of Mr. G. W. Hollinshead, Assistant Steward, you will see the results from garden, dairy, hogs, etc., all of which I think very good.

The work done the past year will be shown in the report of our Engineer, Mr. T. H. DeSaussure. The contract having been awarded for the completion of new buildings by October 1st, 1895, I would suggest an appropriation by our Legislature of \$210,000 for 1895 and \$240,000 for 1896, based on an increase of 300 patients in the next two years.

I have faithfully endeavored, to the best of my ability, to fully discharge the duties incumbent on me, and with feelings of deep gratitude for the confidence shown me by the Board of Trustees and yourself, I am

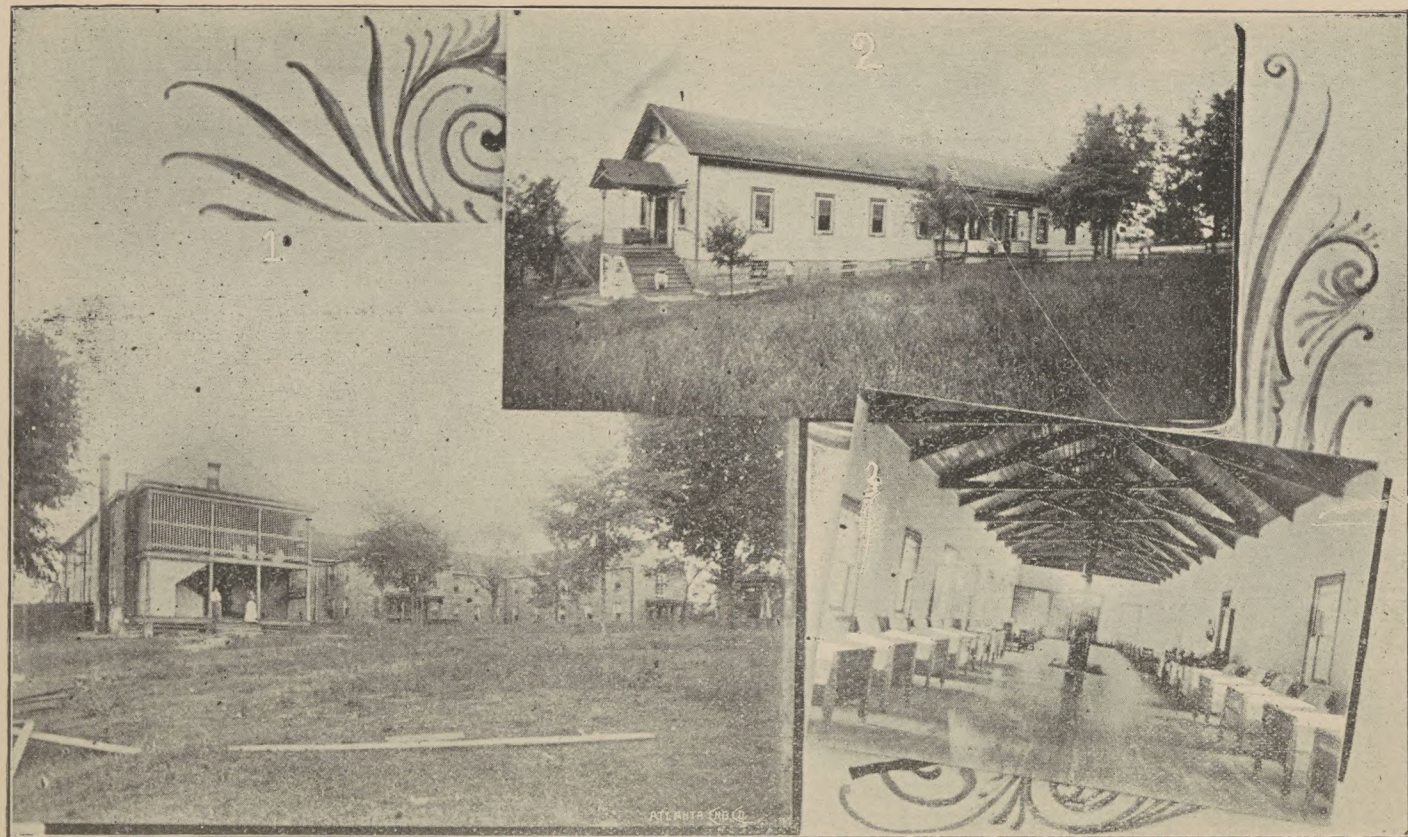

Very respectfully,

LUCIUS J. LAMAR, *Steward.*

#### ABSTRACT "A."

Statement of Lucius J. Lamar, Steward Lunatic Asylum, showing balance brought forward from last fiscal year, and all money received; also a classified statement of disbursements from October 1st, 1893, to September 1st, 1894.

## Report of Engineer.

STATE LUNATIC ASYLUM,  
MILLEDGEVILLE, GA., September 1st, 1894. }

DR. T. O. POWELL, *Superintendent, etc.*:

SIR—I have the honor to submit herewith my annual report of the workings of my department, together with a list of improvements and the yearly inventory of machines, tools, etc.

Respectfully,

T. H. DESAUSSURE, *Engineer.*

### IMPROVEMENTS.

Two porches, each 9x25 feet, have been built at the north and south ends of the Female Convalescent Building.

An ornamental well house has been put over the well which is in the little park between the main building and the storehouse.

A new water closet in 13th Female Ward, to replace an old one.

One hundred and seventy-six thousand, nine hundred and fifty-three (176,953) square feet of tin roof has been painted.

Eight hundred and fifty (850) square feet of new tin has been laid.

Both of the 14th detached buildings (male and female) have been given two coats of paint.

The entire front and both ends of the main building has been cleaned off and given a coat of cement stucco.

Three hundred and forty-six (346) lineal feet of brick wall thirteen (13) feet high has been built on the south side of yard for female patients.

One "bench" of retorts has been put in at gas works.

The hill occupied by the barn, stable, wagon shelter, etc., having been selected for the site of the new building to be erected, necessitated the removal of these buildings to another site. This work has been accomplished. The buildings moved consist of one wagon shelter and hay loft 22x100 feet; one stable and carriage house 24x120 feet; one corn crib 22x34 feet, and one shuck house 12x16 feet. Against the side of the crib has been built three (3) large box stalls. The wagon scales have also been moved to this location.

A new brick floor has been put in at the Negro Building kitchen, and also one at the boiler room.

There has been constructed and put in at the Negro Building an ar-

rangement for automatically regulating the heat of the hot water supplied to the kitchen, bath rooms, etc.

Sixty thousand feet of rift-sawn flooring, in the rough, has been purchased. This lumber has been kiln-dried at our shop, dressed and laid on various wards where most needed.

The line between the Asylum lands on the east—beginning at the Oconee River and ending at the Irwinton road—and the adjacent property owners, which has been unsettled and somewhat in dispute for some time, has been resurveyed and the line established by law. Each corner (there are five of them) and the ends of the line have been marked by a cut stone post, with a numeral cut into it, beginning with 1 on the bank of the river and ending with 7 at the Irwinton road.

Besides doing a large amount of "ordinary repair" work necessary about the institution during the year, the carpenters have made the following:

5 frame tables for water sinks.	1 large voucher box.
14 small voucher boxes.	14 wire guards.
227 bedsteads.	8 pair of steps.
1 top to well at water works.	5 long ladders.
8 step ladders.	Continuous steps around pavilion at negro building.
1 frame for holding syrup barrels.	1 platform in rear of machine shop.
1 heavy bench for holding milk cans at dairy.	3 pair of dump cart shafts.
4 wheel rims.	5 spokes.
1 singletree.	2 bolsters.
7 room floors at negro building.	100 feet of clothes rack.
2 centres for brick arches.	Re-shingling store room.
1 valley trough.	2 water troughs.
3 sets of shelving in apothecary's department.	1 pair of double doors for wall to patient's yard.
2 provision bins.	2 towel rollers.
8 bread paddles.	6 clothes racks and shelves.
2 rakes.	4 medicine cases.
5 lattice doors.	6 sets of shelves in clothes rooms.
12 hoe handles.	60 shuck mops.
5 sick stools.	3 cone taps.
136 coffins.	34 boxes for shipping corpses.
40 panels of plank fence.	1 well house.
1 chicken yard.	2 porches.
1 oak stand for visitors' register.	1 drawing board.
1 mail box for Supt.'s office.	1 tool cupboard.
34 panels of picket fence.	

### INVENTORY OF MACHINES, TOOLS, ETC.

#### BOILERS.

2 Lowe's tubular boilers, 40 horse power each.	1 return tubular boiler, 35 horse power.
2 return tubular boilers, 75 horse power each.	3 return tubular boilers, 40 horse power each.

- |  |  |
|--|--|
| 2 return tubular boilers, 50 horse power each.         | 1 return tubular boiler, 25 horse power.               |
| 1 return tubular boiler, 30 horse power.               | 1 vertical tubular boiler, 30 horse power.             |
| 1 cylinder boiler, 7 horse power.                      | 1 Babcock & Wilcox water tube boiler, 136 horse power. |
| 1 Babcock & Wilcox water tube boiler, 156 horse power. |  |

STEAM ENGINES AND PUMPS.

- |   |   |
|---|---|
| 1 vertical engine, 11x18.                 | 1 horizontal engine, 10½x20.              |
| 1 deepwell pump, 18x8½x48                 | 1 Worthington fire pump, 12x7x10.         |
| 2 Worthington boiler feed pumps, 6x4x9.   | 1 Worthington water works pump, 14x7x10.  |
| 1 Knowles boiler feed pump, 4x2½x6.       | 1 Knowles duplex boiler feed pump, 6x4x7. |
| 1 Knowles automatic boiler feed, 4½x2½x4. | 1 Cameron water works pump, 14x7x24.      |
| 1 Cameron boiler feed pump, 3x6.          |   |

IRON WORKING TOOLS.

- |  |  |
|--|--|
| 2 engine lathes.   | 2 lathe chucks.                        |
| 1 spike hammer.  | 4 pipe stocks and dies.                |
| 2 small screw plates.  | 4 chain tongs.                         |
| 10 ratchet brace drills.   | 2 sets bolt stocks and dies.           |
| 45 assorted taps.  | 17 lathe dogs.                         |
| 8 pair adjustable pipe tongs.  | 1 ratchet brace.                       |
| 2 tool chests.   | 1 8-day clock.                         |
| 2 lead pots.   | 3 night-watch clocks.                  |
| 1 calking hammer.  | 3 pipe vises.                          |
| 1 pipe threading machine, with taps and dies from ¼ in. to 2 in., inclusive. | 8 reamers.                             |
| 29 twist drills  |  |
| 11 tap wrenches.   | 11 pair plain pipe tongs.              |
| 2 Weston pulley blocks.  | 41 pounds of chisels and calking tools |
| 3 pipe cutters.  | 2 pair gas plyers.                     |
| 7 pair Stilson pipe tongs.   | 1 hack saw.                            |
| 2 grind stones.  | 2 jack screws.                         |
| 8 lathe tools.   | 1 ladle.                               |
| 1 alcohol lamp.  | 2 drill chucks.                        |
| 1 vise.  | 1 set of burning figures.              |
| 1 Berryman water heater.   |  |

BLACKSMITHS' TOOLS.

- |                               |                            |
|-------------------------------|----------------------------|
| 1 anvil.                      | 1 bellows (old).           |
| 9 tongs.                      | 1 hand hammer.             |
| 1 flatter.                    | 2 hammer punches.          |
| 1 oil can.                    | 1 box horse shoeing tools. |
| 1 swage block.                | 1 blower.                  |
| 1 sledge.                     | 2 heading tools.           |
| 4 sets of swages and fullers. | 1 monkey wrench.           |
| 1 soldering iron.             | 1 vise.                    |

## WOOD-WORKING MACHINES.

1 planer and matcher.	1 hand planer.
1 pony planer.	6 sets planer knives.
1 foot mortising machine.	12 foot mortising machine bits.
1 sticking machine.	8 circular saws.
16 scroll saw blades.	1 wood turning lathe.
1 cape cutter head.	4 emory wheels.
8 wood turning tools.	1 picket header.
3 cutter heads.	1 scroll saw table.
92 machine bits.	1 tennoring machine.
1 emory grinding machine.	1 universal saw table.
1 champering machine.	1 pair "Shimer" cutter heads.

## CARPENTERS' TOOLS.

26 firmer chisels.	2 paring chisels.
31 auger bits.	4 wood stock planers.
1 framing saw.	6 twist drills.
1 brace screw driver.	3 bit braces.
1 extension bit.	2 framing squares.
3 augers.	2 drawing knives.
2 try squares.	1 pair dividers.
1 hand mitering machine.	2 hand hammers.
1 Universal "T" square.	1 ax.
1 wood rasp.	1 foot adz.
1 boring machine.	3 counter sinks.
6 framing chisels.	3 paring gauges.
7 iron stock planes.	2 $\frac{3}{4}$ in. match planes.
2 hand screw drivers.	2 oil stones
2 hand axes.	1 bevel square.
3 hollow augers.	2 saw sets.
13 brace hand clamps.	2 door clamps.
2 bench vises.	4 bead planes.
1 rebate plane.	1 tennon saw.
1 broad ax.	1 scratch gauge.
1 50-foot tape.	6 boring machine augurs.
6 wood clamps.	5 hand saws.

## GAS WORKS.

1 iron wheelbarrow.	1 coal screen.
1 "S" wrench.	1 l. h. shovel.
3 s. h. coal scoops.	1 Weston pulley block.
1 oil can.	

## BOILER ROOMS.

3 coal screens.	8 s. h. coal scoops.
8 monkey wrenches.	7 iron wheelbarrows.
1 screw driver.	5 l. h. coal shovels.
4 oil cans.	8 tube scrapes.

FIRE DEPARTMENT.

1 hose reel	1 extension ladder.
500 ft. of 2½-in. cotton rubber-lined hose.	500 ft. 2½-in. rubber hose (old).
3,000 ft. of 1½-in. cotton rubber-lined hose.	25 sections of patten ladder.

LAUNDRY.

3 brass washers.	1 wringer.
1 steam mangle.	1 dry room (38 horses).
1 starch boiler.	2 laundry stores.
2 100-gal. soap kettles.	2 100-gal. clothes boilers.
2 cast-iron wash tubs.	

KITCHENS.

16 steam kettles.	6 copper coffee kettles.
3 copper tea kettles.	4 copper steamers.
4 cast-iron steamers.	6 vegetable steamers.
3 6-ft. ranges.	1 9-ft. range.
1 12-ft. range.	10 cast-iron sinks.
4 water-heaters.	1 steam-power coffee mill.
1 hand-power coffee mill.	2 pair platform scales.
1 pair balance scales.	3 bread tables.
7 safes.	2 meal boxes.
5 cast-iron meat roasters.	1 cast-iron meat broiler.
2 charcoal broilers.	14 tables.
3 brick bread ovens.	4 Berryman water-heaters.
1 1,400-gal. tank.	4 meat choppers.
1 pepper mill.	1 gas-heated coffee parcher.

BAKERY.

1 cracker and biscuit machine.	1 dough brake.
1 dough trough.	2 safes.
1 dough mixer.	1 brick oven.
2 tables.	1 bread closet.

MASONS' TOOLS.

1 sand screw.	1 hoe.
4 chisels.	1 scrutch.
1 s. h. shovel.	1 l. h. shovel.
1 jointer.	1 lathing hatchet.
1 pick.	1 set.
2 levels.	

THRESHING DEPARTMENT.

1 separator.

## ENGINEER'S OUTFIT.

1 transit.	1 leveling rod.
1 100-ft. engineer's chain.	1 surveyor's chain.

## GRADING TOOLS.

8 wheel barrows.	1 grading plow.
3 drag scrapers.	5 picks.
2 axes.	2 mattocks
4 s. h. shovels.	10 l. h. shovels.

## Report of Matron.

STATE LUNATIC ASYLUM, September 1, 1894.

DR. T. O. POWELL, *Superintendent, etc.*:

Permit me to submit the enclosed as my report for the year ending September 1, 1894. I would add that repairing has been done for the institution, and all scraps and remnants have been put to a good use, and have been properly accounted for through the Storekeeper's office.

All of which is respectfully submitted,

Mrs. J. M. DARNELL, *Matron.*

## Storekeeper's Report.

OFFICE OF THE STOREKEEPER, September 1st, 1894.

MR. L. J. LAMAR, *Steward*:

DEAR SIR—I hand you herewith my report of all issues from this department from October 1st, 1893, to September 1st, 1894.

I have stock on hand and paid for, amounting to \$3,460.63.

I have issued to the Apothecary drugs amounting to \$3,182.69.

Respectfully submitted,

W. H. HUNTER, *Storekeeper*.

## Report of Apothecary.

---

TO DR. T. O. POWELL, *Superintendent, etc.*:

DEAR SIR—I have the honor herewith to submit my report of Apothecary department for eleven months, beginning October 1, 1893, and ending September 1, 1894:

To amount of drugs purchased from October 1, 1893, to September 1, 1894.....	\$ 3,182 69
Amount sold officers and employes, which deductions from checks were made, and for which the Apothecary is entitled to credit.....	159 55
Amount of drugs on hand September 1, 1894.....	756 30
Surgical instruments.....	425 00
Number of prescriptions filled from October 1, 1893, to September 1, 1894 .....	12,785

Very respectfully,

A. G. NORTH, *Apothecary.*

## Report of Chaplain.

MILLEDGEVILLE, GA., September 1, 1894.

DR. T. O. POWELL, *Superintendent State Lunatic Asylum* :

DEAR DOCTOR—I beg to submit this my annual report as Chaplain of the Asylum for the term ending today.

I have conducted services regularly every Wednesday and Sunday afternoons. Occasionally I have had the services of other preachers, to whom I return thanks.

Mrs. Julia West, our efficient organist, has been prompt and faithful. The attendance has been large and the behavior excellent.

I have responded to all calls to visit the sick and bury the dead. I have a record of those buried here.

The officers and attendants have been uniformly kind to me, and I hereby return them my thanks.

Respectfully submitted,

JOHN M. WHITE, *Chaplain*.

## Report of Librarian.

GEORGIA STATE ASYLUM LIBRARY, September 1, 1894.

DR. T. O. POWELL, *Superintendent*:

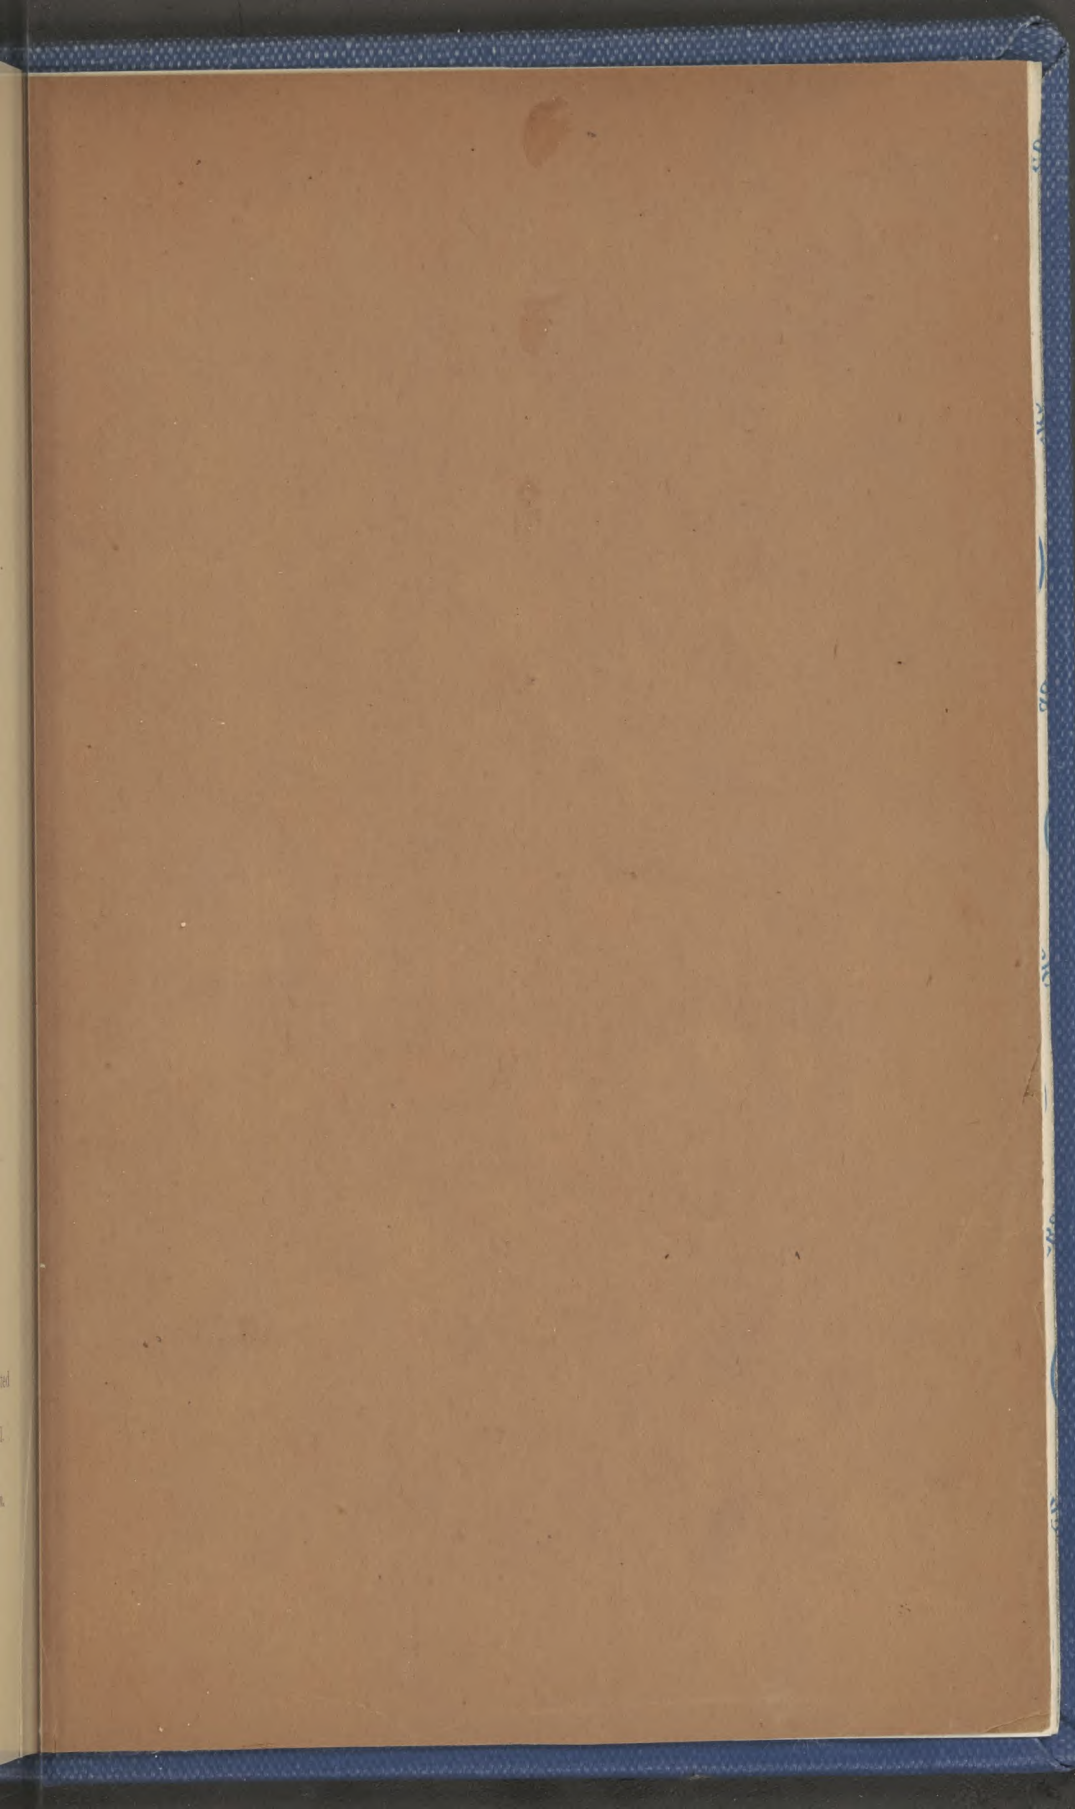

I have received the following newspapers for the year ending September 1, 1894:
